BOSCH

Invented for life

Who are Bosch?

“I have always acted according to the principle that it is better to lose money than trust. The integrity of my promises, the belief in the value of my products and in my word of honour have always had a higher priority to me than a transitory profit.”

Robert Bosch, 1921

For over 125 years, the Bosch name has been synonymous with engineering excellence. Our home appliances are renowned for their quality, reliability and performance which derives from our inherent, unflagging commitment and the painstaking thoroughness with which every unit is made. As you would expect from German engineering, there are no gimmicks or frills with our products – just pure, clean lines and beautiful, functional simplicity that will enhance any kitchen.

The values that shaped Robert Bosch’s vision for his new company in 1886 are the same principles that guide the business today; never lose the trust of your customers, look after your staff and partners and change things for the better. It’s what has kept Bosch at the forefront of the home appliance industry and what will keep it there in the future.

Meet Karl, the Bosch Engineer.

Karl has devoted his working life to Bosch and ensures that feedback from customers continues to help shape our products of the future.

His detailed knowledge of our products and long experience can be accessed by customers who are looking to purchase a new appliance.

Service you can rely on.

For help with your home
appliance, trust Bosch
Customer Service.

Arrange an engineer visit.

Our appliances are manufactured to the highest standards, but if you do need a visit from an engineer we are here to help. We have teams of locally based engineers around the country – employed and trained by Bosch*. This gives them unrivalled expertise and knowledge of our appliances. We repair appliances both in and out of guarantee. All repairs are analysed in advance by a technical team so that the parts likely to be needed to complete the repair are sent to the engineer's van the night before the visit.

To arrange an engineer visit to your home please call:

0344 892 8979

Lines are open 24 hours.

Calls are charged at the basic rate, please check with your telephone service provider for exact charges.

You can also arrange an engineer visit online: **[bosch-home.co.uk/bookonline](https://www.bosch-home.co.uk/bookonline)**

Product advice.

If you need help using programmes or features, or need assistance selecting a new Bosch appliance from our current range, our product advice team can help.

You can call us on

0344 892 8979

or visit: **[bosch-home.co.uk](https://www.bosch-home.co.uk)** for frequently asked questions and helpful videos.

Calls will be answered 24 hours a day, seven days a week. You can contact our specialist advisors Monday to Friday 8am to 8pm, Saturday 8am to 4pm and Sunday 9am to 3pm.

Register my appliance

We advise that you register your appliances so that we can contact you about any product updates. Visit registermyappliance.org.uk for more information.

You can also call Bosch directly to register your appliance on 0344 892 8979 (option 5). Please call us within 28 days of purchase to discuss the full range of options for extending your warranty.

Visit the Bosch online store.

Find a comprehensive selection of accessories to help you get the most out of your appliance, along with our full range of replacement spare parts and cleaning & care products at the Bosch online store.

You can also purchase Tassimo hot drinks machines, vacuum cleaners, irons, steam stations, kettles, toasters and food preparation appliances directly from us online.

You can call us on

0344 892 8979

or visit: **[bosch-home.co.uk/store](https://www.bosch-home.co.uk/store)**

Accessories.

Many appliances can be enhanced with optional extras, such as telescopic rails for ovens or special cookware for hobs.

When buying a Bosch home appliance, you know you are purchasing a quality, reliable product. However many appliances are used daily, so need cleaning and maintaining to keep them looking great and operating at peak performance.

Every one of our cleaning and care products has been thoroughly tested and approved for safe and effective use on your Bosch home appliance.

Replacement spare parts.

We keep in stock a comprehensive range of replacement spare parts for our appliances for up to ten years. All our parts are original spare parts, not copies.

Award-winning service.

Bosch Customer Service was proud to win the Domestic & General Total Excellence & Quality Award for 2015. The award is decided from surveys sent to customers and 94.5% described our service as excellent or good.

*In some remote areas we may use an approved service partner where the repair process may vary.

Home Connect: Smart connectivity for an easier life.

The future has arrived and it's knocking on the front door. Home Connect brings smart technology to our kitchen appliances and connects them with a phone or tablet. So, whether it's turning the washing machine on remotely, or checking what is left in the fridge, these clever appliances give you complete control.

Look out for our Home Connect models

Welcome to your new digital home.

Remote control takes on a new meaning with Home Connect. You'll be able to connect to a number of your home appliances with your smart device while you're out. Monitor and control the temperature of your fridge freezer remotely, as well as checking its contents. Start your washing machine and dishwasher and monitor its progress through the cycles. And whether you're at home or not, the handy app will let you know the most suitable programme for your dishes, or your laundry.

You'll also be able to use your mobile device to turn on your oven remotely. The app will give you all the information you need about the cooking process, and will tell you when your meal is ready. How lovely to know your dinner is piping hot and ready to eat the moment you walk through the door.

The world's coolest camera.

When it comes to your fridge, our innovative interior cameras let you sneak a peek at what you've got in. So, when you're at the shops and can't remember if you've got eggs, you can use your mobile device to take a look in your fridge and check.

Discover a new world. CoffeeWorld.

Even your coffee machine can be connected to make your life easier. Clever technology lets you choose between a wide range of different coffee-making methods and select your favourite from the app's CoffeeWorld. And if you have guests, there's even a CoffeePlaylist feature that lets you enter all your guests' coffee orders.

 **Google Play**

Home Connect is a service offered by Home Connect GmbH. For more information on Home Connect please visit www.bosch-home.co.uk

Introducing the Bosch refrigeration range.

All our fridge freezers save you money and ensure optimum freshness thanks to their energy efficiency ratings, clever technology and storage systems. To help you choose the right Bosch fridge freezer we have divided them into two ranges.

Serie | 6

State of the art technology, including our Home Connect feature in some models, ensures our **Serie 6** range combines energy efficient performance with adaptable storage and superior food preservation. **VitaFresh Plus** drawers separate meat, fruit and veg to keep them fresh and nutritious.

Serie | 4

Our **Serie 4** models combine clever features and technology, including the Bosch build quality that offers flexible storage solutions with enough space for all your family shopping. All models include our **VitaFresh** freshness system which guarantees ideal storage conditions for your fresh food.

All our refrigeration appliances include the following features as standard:

Energy efficiency.

Luckily, our most energy efficient fridges have an A+++ rating, which means they only use half as much electricity as it takes to power an energy saving light bulb*.

NoFrost.

Never worry about having to defrost the freezer again. The NoFrost system prevents the build up of ice by automatically initiating the defrost operation only when its needed.

LowFrost.

LowFrost cuts ice build up by half which maintains energy efficiency, saving you energy and time.

VitaFresh.

With VitaFresh, we have developed a freshness system that quite simply guarantees optimum storage conditions for all your fresh foods. It creates ideal conditions to keep foods vitamins rich and fresher for longer.

Photograph shown for illustrative purposes.

* Energy saving light bulb uses 157kWh, KGN36AW35G uses ??kWh per year.

Your fridge can help you eat more healthily.

Thanks to clever technology that regulates temperature and humidity, your fresh food will last longer in one of our fridges. Also, less waste means fewer trips to the shops and more money in your pocket.

VitaFresh. A healthy diet has never been so easy.

We all know that to eat a healthy diet, you need to eat plenty of fresh fruit and vegetables. That's why all new Bosch fridges are designed with our clever **VitaFresh** technology which helps keep your food fresh and vitamin rich for longer. In our **VitaFresh plus** models, fruit and vegetables are kept fresher for up to 2 times longer.

Fresh & fresher.

VitaFresh technology on our Serie 4 refrigerators gives you two drawers for fish and meat with a temperature-regulating slider. The temperature can be lowered up to 4°C lower than the rest of the fridge. **VitaFresh plus** on our Serie 6 models includes an additional easy access tray. All have a large drawer for your fruit and vegetables with adjustable humidity settings via either a manual or advanced slider system.

Save more, waste less.

Are you tired of binning food that's past its use-by date? You're not the only one. Up to 3.5 million tonnes of food are thrown away from our homes in the UK every year, which we could have eaten. Not throwing it away could save you up to £840 a year*.

At Bosch, we're doing our bit to cut waste by helping make your food last for longer. Our VitaFresh refrigerators are designed to ensure your food stays fresh, crisp and nutritious. By helping keep your food fresh for longer, you'll be throwing less away. So, you can shop less often and spend less money.

*LoveFoodhatewaste

Enough space for all your groceries.

You can never have enough fresh food in your fridge. That is why our new **Serie 6 NoFrost refrigerators** offer more storage space than ever.

They've been designed with lots of room and flexibility with separate, removable drawers for fish and meat. And thanks to the VitaFresh plus system, you also get an easy access tray, giving you quick and convenient access to food in your fridge.

So, whether you're shopping for the week or a large family celebration, you can stock up and know there's plenty of space in the fridge.

Home Connect control with your smart device

VitaFresh plus means a healthy diet has never been so easy.

The fresher your food is, the better it is for you. That's why our VitaFresh plus system is designed to store your food at the perfect temperature. When stored correctly, you'll keep the vitamins and nutritional value of your food high, and ensure its flavour is well preserved. So, you can trust your food is not only at its best, but that it tastes delicious for days longer.
