Bosch in every detail. German Engineered.

Every detail of every appliance has been carefully designed, produced and tested by our engineers to fully satisfy the highest standards in quality, performance and convenience. The result is cutting-edge technology, timeless design and remarkable ease of use.

Why choose Bosch?

Proven quality

Bosch appliances offer premium quality, advanced technology, ease of operation and outstanding German made and engineered technology. These attributes have earned us many national and international accolades, such as the reddot Design Award, the iF product design award and other endorsements, year after year.

Top performance

What drives us every day is our desire to improve. We strive to make the best even better, by developing functional, durable and energy-efficient innovations that surpass all expectations.

Maximum convenience

Bosch is dedicated to making your life easier. Our refrigerators are packed with great ideas, features and technology to make food storage better and easier than ever.

We've discovered the secret of freshness for your food

The answer to better refrigeration storage under the most optimal conditions? VitaFresh freshness systems. With low temperatures and the right humidity levels, they make sure your food remains fresh for longer – so you can enjoy them for a longer period of time.

Storage Guide⁺

| Vegetables | VitaFresh | VitaFresh plus | VitaFresh pro |
|------------|---------------|----------------|----------------|
| Asparagus | up to 5 days | up to 10 days | up to 20 days |
| Broccoli | up to 8 days | up to 10 days | up to 14 days |
| Cabbage | up to 30 days | up to 50 days | up to 140 days |
| Carrots | up to 50 days | up to 60 days | up to 120 days |
| Celery | up to 20 days | up to 23 days | up to 28 days |
| Leek | up to 17 days | up to 20 days | up to 60 days |
| Lettuce | up to 10 days | up to 14 days | up to 20 days |
| Mushrooms | up to 2 days | up to 3 days | up to 6 days |
| Spinach | up to 3 days | up to 4 days | up to 12 days |

| Fruits | VitaFresh | VitaFresh plus | VitaFresh pro |
|--------------|---------------|----------------|----------------|
| Apples | up to 70 days | up to 120 days | up to 180 days |
| Apricots | up to 10 days | up to 14 days | up to 21 days |
| Blackberries | up to 3 days | up to 3 days | up to 4 days |
| Cherries | up to 10 days | up to 15 days | up to 30 days |
| Grapes | up to 15 days | up to 20 days | up to 35 days |
| Kiwi | up to 20 days | up to 30 days | up to 50 days |
| Peaches | up to 7 days | up to 10 days | up to 20 days |
| Plum | up to 7 days | up to 8 days | up to 18 days |
| Raspberries | up to 3 days | up to 3 days | up to 5 days |
| Strawberries | up to 3 days | up to 4 days | up to 7 days |

⁺ Actual storage life of fruits and vegetables may vary depending on the state of the food item when bought, type of storage compartment and different test and storage conditions.

VitaFresh

Keeps food fresh longer.

Our VitaFresh compartments maintain optimal storage conditions in two different climate zones.

With a low temperature setting of about 0°C, you can store your fish and meat in a hygienic environment without worrying about odour transfer.

The big drawer at the bottom is specifically designed to keep fruits and vegetables fresh for longer.

VitaFresh^{plus}

Keeps food fresh up to two times longer.

Our VitaFresh Plus compartment comes with two separate drawers. It also features special drawers seals, so fruits and vegetables can be stored in the bottom drawer under optimal storage conditions.

With a low temperature setting of about 0°C, you can store your fish and meat in a hygienic environment without worrying about odour transfer.

Humidity is maintained & can be easily regulated with 2 settings by an advanced slider.

VitaFresh^{pro}

Keeps food fresh up to three times longer.

The airtight VitaFresh pro compartments come with an indoor electronic panel, an independent temperature setting that allows you to adjust accurately the compartment temperature from -1°C and 3°C.

Top drawer is specially designed for fruits and vegetables. It also offers a humidity control ring with 3 intuitive settings, letting you achieve perfect humidity control which keeps food fresh longer.

Meat and fish are best stored in the bottom drawer.

^{*} VitaFresh freshness systems may vary depending on the model. Please refer to range information for more details.

Freshness and hygiene

SuperCooling: Lowers temperature for super quick chilling

With SuperCooling activated, food that you have just placed into the fridge cools quickly. SuperCooling switches off automatically after 6 hours to save energy.

SuperFreezing: Fast freezing for any amount of food

SuperFreezing prevents frozen food items from defrosting as you add new food items into the freezer. Once the set temperature is reached, SuperFreezing switches off automatically to prevent energy wastage.

AirFresh Filter: Prevents any odour transfer of food

Some foods stored in your fridge can overpower others, creating an unpleasant mix of smells and flavours. Our AirFresh Filter minimises odour transfer from one food to another, retaining the natural flavour of your produce.

Multi Airflow System: Food stays fresh longer

Greatly improves circulation of air around the fridge, regulating temperature and humidity levels to help your food retain their flavour and freshness.

Flexible storage space

EasyAccess shelf: Extendable shelves for perfect access to items at the back.

The fully extendable safety glass shelves can be pulled out for easy access and storage of food items. You will get a clear view of all food items—even those at the back of the fridge.

BigBox: Lots of space for huge frozen items

An extra-large frozen food drawer for practical stacking of frozen food containers or large frozen items like cakes or pizzas. Whether you have to store huge quantities of food for your house party or freeze a large turkey, you will find enough space for large frozen food items.

Improved energy efficiency* with Bosch Variolnverter

Unlike a conventional compressor that operates consistently at a single speed, the Bosch Variolnverter compressor adjusts its speed efficiently according to the surrounding conditions and refrigerator loads. This helps to optimize the cooling conditions for you to enjoy improved energy efficiency and freshness at the same time.

Fast cooling

Variolnverter reaches the desired temperature faster than conventional compressors with its ability to adjust and optimize the compressor speed continuously.

Low noise*

Variolnverter lets you and your family enjoy a quiet living environment with its silent performance.

*Based on Singapore's test requirements between similar Bosch bottom freezer models. Energy savings may vary depending on test conditions and models.

Smart organisation for your food

Glass shelf

Thoughtfully designed to take care of your back

Our bottom freezers are ergonomically designed for easy access. As common food items are stored in the main compartment at eye level, you no longer have to bend your back frequently for your food.

With Bosch bottom freezer refrigerators, healthy living is well within reach – simply open the door.

DID YOU **KNOW** ?

Top Freezer Refrigerators

you will need to bend

80%

of the time to reach
frequently accessed food items

Bosch Bottom Freezer

You only bend

20%

of the time to reach frequently accessed
food items as they are stored in the main
compartment at eye level.

For top fridge compartment

- Reach for milk, vegetables, fruits, fish and meat easily without having to bend down frequently
- Allows easy cleaning of drawers

For bottom freezer compartment

- Compartmentalised drawers for easy sorting of food items
- Removable drawers for easy cleaning

• VitaFresh

• Reversible Hinge

Convenience and safety:

• In-Door Digital LED electronic panel

• Separate temperature control for fridge and freezer

Fridge Compartment:

• 3 VitaFresh drawers including 1 drawer with humidity control

• 3 Extension rail systems

• 4 Safety glass shelves (3 are height adjustable)

• 1 Door tray (large) and 3 door trays (small)

• 1 Bottle rack

Freezer Compartment:

• 2 Pull out drawers with 1 Big Box for large size storing

• 2 Storage drawers on extension rail systems

Innovative control. 2 Cooling Systems

Separate evaporators for the fridge and freezer section not only prevents the transfer of odour, but also allows the fridge and freezer temperatures to be controlled separately. This helps to ensure a more stable temperature level.

Service you can depend on.

Expert, fast and reliable customer service from Bosch, before and after your purchase, Bosch is your partner for life.

Reliability guaranteed. No compromises.

All Bosch home appliances are produced with maximum care, using high quality materials. We promise it in our 2-year manufacturer's warranty on all appliances.

Speedy Response

Our customer's time is valuable and so we react quickly. We aim for a business response time of 2 business days from your call, offering on-site diagnosis and repairs.

Quality service straight from the manufacturer. Original Bosch.

We are committed to quality - also when it comes to after sales service. No-one knows our appliances better than our highly trained service engineers. They are working with the latest equipment for measuring, diagnostics and repairs, and use only original Bosch spare parts.

Lifetime service. It goes without saying at Bosch.

Once your warranty period is over, we are still there to assist you. You can rely on our expert care and first-rate service throughout your appliance's life cycle. From missing instruction manuals to appliance repair - we take care of everything. A promise is a promise!

Original accessories. Effective care products.

Take a look at our extensive range of accessories for some inspiration: discover additional uses, replace old materials for optimum operation or simply give a trusty home appliance a good work-over. With the right care, you will be able to enjoy your high quality appliance for many years to come. To help you do so, we offer a wide range of Bosch-certified cleaning and care products.

Tested and Approved Cleaning and Care Collection

Cleaning and caring for your appliances is crucial to maintaining optimum performance and keeps your appliances looking good. Our cleaning and care collection undergoes stringent test and quality checks. They are developed to complement your appliances, to tackle the toughest cleaning job and to keep your appliances in top shape.

Bosch Online Store

Shop at your convenience with the Bosch Online Store. Browse the Cleaning and Care Collection and wide range of accessories from the comfort of your home. Visit us at www.bosch-home.com.sg/store.

On-Call

Our friendly Bosch Customer Service team provides competent, reliable assistance for all of your needs; whether that is product advice, to arranging a visit from a service engineer, or ordering the right original accessories or spare parts.

For engineer visits, spare parts replacement and accessories or product advice, please contact:
