

Service you can depend on.

Expert, fast and reliable customer service from Bosch, before and after your purchase, Bosch is your partner for life.

Reliability guaranteed. No compromises.

All Bosch home appliances are produced with maximum care, in high quality materials. We promise it in our 2-year manufacturer's warranty on all appliances.

Speedy Response

Our customer's time is valuable and so we react quickly. We aim for a business response time of 2 business days from your call, offering on-site diagnosis and repairs.

Quality service straight from the manufacturer. Original Bosch.

We are committed to quality-also when it comes to after sales service. No-one knows our appliances better than our highly trained service engineers. They are working with the latest equipment for measuring, diagnostics and repairs, and use only original Bosch spare parts.

Lifetime service. It goes without saying at Bosch.

Once your warranty period is over, we are still there to assist you. You can rely on our expert care and first-rate service throughout your appliance's life cycle. From missing instruction manuals to appliance repair - we take care of everything. A promise is a promise!

Original accessories. Effective care products.

Take a look at our extensive range of accessories for some inspiration: discover additional uses, replace old materials for optimum operation or simply give a trusty home appliance a good work-over. With the right care, you will be able

to enjoy your high quality appliance for many years to come. To help you do so, we offer a wide range of Bosch certified cleaning and care products.

Tested and Approved Cleaning and Care Collection

Cleaning and caring for your appliances is crucial to maintaining optimum performance and keeps your appliances looking good. Our cleaning and care collection undergoes stringent test and quality checks. They are developed to complement your appliances, to tackle the toughest cleaning job and to keep your appliances in top shape.

Recipe

Our inspiration for your delicious recipe.

Banana smoothie (MightyMixx)

- 2 bananas (approx. 220g)
- 30g honey or sugar (as desired)
- 480g of milk
- 10 ice cubes
- Step 1: Peel the bananas and cut into fairly small pieces. Put into the blender attachment.
- Step 2: Add milk and honey (or sugar).
- Step 3: Put the ice cubes on top of the ingredients. Briefly activate Pulse several times until the ice cubes have been crushed into small pieces.
- Step 4: Then blend at high speed until the drink is thick and creamy.
- Tip: For a “thick” smoothie reduce the amount of milk.

Strong on power, juice, vitamins, low on effort.

With the unique ceramic knife, a powerful, but quiet motor and innovative sieve design, the new VitaJuice 4 extracts even the last drop.

Extra Large Feeding Tube

No cutting is required. Even large fruits up to a diameter of 84mm can be put into the juicer.

Bosch Unique Ceramic Knife

Unlike metal knives, the ceramic knife remain almost fibre free and is easy to clean.

Dripstop

Keeps work surfaces clean.

Large 1.5L Juice Jug

Provides plenty of room for even the biggest amount of juice.

The perfect temperature in no time, every time.

The Bosch Filtrino dispenses freshly filtered water by the cup, from room temperature to boiling hot, at a touch of a button.

reddot design award
winner 2012

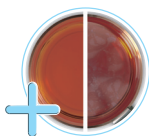

Fresh BRITA filtered water.

Optimal taste and appliance protection. The integrated BRITA Maxtra water filter cartridge reduces limescale and chlorine for the best flavor and also protects the Filtrino from limescale deposits, ensuring a longer operating life and consistent energy efficiency.

Filter

More aroma

System Protection
against calcification

The Bosch Filtrino dispenses filtered water in five preset temperatures: room temperature, 70°C, 80°C, 90°C and boiling*.

100°C

Boiling

Delicious instant soups, snacks and sauces can now be prepared quickly and easily with boiling hot water. You can also brew a black tea at this ideal temperature for the best taste.

90°C

A delicious mug of hot chocolate dissolves best in 90°C water. Or prepare a cup of instant coffee for that pick-me-up.

80°C

Green tea is especially good if it is not brewed in water that's too hot. The flavor develops best in 80°C hot water, retaining its valuable ingredients.

70°C

White tea is most ideally prepared at 70°C, when its restorative properties for the immune system and concentration are preserved while releasing its fine and subtle flavour.

Room temperature

Drinking a sufficient amount of water daily is particularly important for our health and well-being. Enrich your vitamin and mineral intake with pure, healthy water throughout the day.

Tips for your growing child.

Bosch is always a part of your child's growing process.

Newborns
(1st - 6th month)

Make your baby's milk with water at a ideal temperature of approximately 70°C as this is the minimum temperature to kill harmful bacteria. Use Bosch Filtrino to dispense water at this perfect temperature anytime with convenience and ease.

Babies
(6th - 12th month)

At this age, it's time to progressively introduce solids into your baby's diet. You can puree and blend your baby food based on age and dietary restrictions, easily achieved by using a Bosch blender.

Toddlers to school age kids
(1 year old and above)

Avoid giving your children high sugar artificial fruit drinks and soda. Instead, offer them 100% real fruit and vegetable juices packed with vitamins, extracted using a Bosch Juicer. Kids aged 2 to 6 are recommended to have $\frac{1}{2}$ - $\frac{3}{4}$ cup while those aged 7 and above can have up to 1 cup a day.

Recipe for your little ones.

Pea and apple baby food

- 100 g frozen peas
- 100 g frozen soya beans
- 1 apple (approx. 100 g)
- 220 g apple juice
- Step 1: Peel the apple, core and cut into pieces. Put peas and soya beans in a colander and rinse under running water. Put apple, peas and soya beans in boiling water. Boil for 3 minutes.
- Step 2: Put the boiled ingredients in a colander and rinse under running water. Then leave to cool down in the ice bath for 3 minutes.
- Step 3: Put the boiled ingredients and the apple juice in the blender attachment and blend until the baby food is thick and creamy.
- Step 4: Pour into an ice cube tray and freeze.
