Innovation and refrigeration

Introducing the refrigeration range from Bosch. Contemporary design with maximum convenience to meet the demands of today’s modern lifestyle.

Freshness systems

Bosch has developed a range of freshness systems and storage compartments that prolong freshness and provide the optimal conditions to retain flavours and vitamins in your food.

HydroFresh

HydroFresh compartments have higher humidity and lower temperatures than the rest of the fridge to prolong freshness, texture and taste. Exclusive to the Bosch French Door KFN91PJ10A.

ChillerBox

The recommended storage area for meat, fish, freshly prepared foodstuffs and beverages. The extra cold compartment is 3°C colder, the corrugated shelf surface ensures that food items do not touch the bottom completely, letting air circulate around the food.

CrisperBox

The manual humidity controls of the CrisperBox provide the flexibility to change humidity levels and provide ideal storage conditions for fruit and vegetables.

French Door.

KFN91PJ10A Stainless Steel French Door Fridge/Freezer

Capacity

- 762 L gross capacity

Energy

- 2 star MEPS 2010, 730 kWh per year

Efficiency

- FrostFree MultiAirflow cooling
- FreshSense cooling technology

Freshness & Storage

- SuperFreezing & SuperCooling with auto-switch off
- 2 HydroFresh compartments on telescopic rails
- ChillerBox for meat and fish storage on telescopic rails
- BigBox freezer drawer on telescopic rails
- Transparent freezer drawer on telescopic rails

Convenience

- Ice & water dispenser with crushed and cubed ice
- In-door stainless steel touch controls with LED display
- 5 safety-glass SpillSafe fridge shelves (3 height-adjustable)
- LED lighting
- Audible door alarm

Dimensions

- Height: 1780 mm
- Width: 910 mm
- Cabinet depth + rear spacer: 776 mm
- Total depth (incl. door, handle and rear spacer): 914 mm

With an enormous gross capacity of 762 litres, the Bosch French Door Fridge/Freezer reflects the need to provide practical and innovative food storage solutions within a stylish and sleek stainless steel finish.

Side-by-side.

KAD62V70AU Stainless Steel Side-by-side Fridge/Freezer

Capacity

- 655 L gross capacity

Energy

- 2.5 star MEPS 2010, 657 kWh per year

Efficiency

- FrostFree MultiAirflow cooling
- FreshSense cooling technology

Freshness & Storage

- SuperFreezing & SuperCooling with auto-switch off
- 2 transparent fridge drawers on telescopic rails
- 2 transparent freezer drawers on telescopic rails
- EasyTilt freezer door compartments for easy access and storage
- HydroFresh crisper drawer

Convenience

- Ice & water dispenser with crushed and cubed ice
- 4 safety-glass SpillSafe fridge shelves (3 height-adjustable)
- 3 safety-glass SpillSafe freezer shelves (2 height-adjustable)
- Audible door alarm

Dimensions

- Height: 1756 mm
- Width: 910 mm
- Cabinet depth + rear spacer: 635 mm
- Total depth (incl. door, handle and rear spacer): 786 mm

KAD62V40AU Platinum Finish Side-by-side Fridge/Freezer

Capacity

- 655 L gross capacity

Energy

- 2.5 star MEPS 2010, 657 kWh per year

Efficiency

- FrostFree MultiAirflow cooling
- FreshSense cooling technology

Freshness & Storage

- SuperFreezing & SuperCooling with auto-switch off
- 2 transparent fridge drawers on telescopic rails
- 2 transparent freezer drawers on telescopic rails
- EasyTilt freezer door compartments for easy access and storage
- HydroFresh crisper drawer

Convenience

- Ice & water dispenser with crushed and cubed ice
- 4 safety-glass SpillSafe fridge shelves (3 height-adjustable)
- 3 safety-glass SpillSafe freezer shelves (2 height-adjustable)
- Audible door alarm

Dimensions

- Height: 1756 mm
- Width: 910 mm
- Cabinet depth + rear spacer: 635 mm
- Total depth (incl. door, handle and rear spacer): 786 mm

Side-by-side.

KAN62V40AU Platinum Finish Side-by-Side Fridge/Freezer

Capacity

- 678 L gross capacity

Energy

- 2.5 star MEPS 2010, 608 kWh per year

Efficiency

- FrostFree MultiAirflow cooling
- FreshSense cooling technology

Freshness & Storage

- SuperFreezing & SuperCooling with auto-switch off
- 2 transparent fridge drawers on telescopic rails
- 2 transparent freezer drawers on telescopic rails
- EasyTilt freezer door compartments for easy access and storage

Convenience

- In-door electronic controls with LED display
- 4 safety-glass SpillSafe fridge shelves (3 height-adjustable)
- 4 safety-glass SpillSafe freezer shelves (2 height-adjustable)
- IceTwister easy ice dispenser
- Audible door alarm

Dimensions

- Height: 1756 mm
- Width: 910 mm
- Cabinet depth + rear spacer: 635 mm
- Total depth (incl. door, handle and rear spacer): 786 mm

KAN62V00AU White Side-by-Side Fridge/Freezer

Capacity

- 678 L gross capacity

Energy

- 2.5 star MEPS 2010, 608 kWh per year

Efficiency

- FrostFree MultiAirflow cooling
- FreshSense cooling technology

Freshness & Storage

- SuperFreezing & SuperCooling with auto-switch off
- 2 transparent fridge drawers on telescopic rails
- 2 transparent freezer drawers on telescopic rails
- EasyTilt freezer door compartments for easy access and storage

Convenience

- In-door electronic controls with LED display
- 4 safety-glass SpillSafe fridge shelves (3 height-adjustable)
- 4 safety-glass SpillSafe freezer shelves (2 height-adjustable)
- IceTwister easy ice dispenser
- Audible door alarm

Dimensions

- Height: 1756 mm
- Width: 910 mm
- Cabinet depth + rear spacer: 635 mm
- Total depth (incl. door, handle and rear spacer): 786 mm

Built-in.

KIN34P60AU Fully Integrated Bottom Mount Fridge/Freezer

Capacity

- 287 L gross capacity

Energy

- 3 star MEPS 2010, 330 kWh per year

Efficiency

- FrostFree MultiAirflow cooling
- FreshSense cooling technology

Freshness & Storage

- SuperFreezing & SuperCooling with auto-switch off
- 2 transparent fridge drawers on telescopic rails
- BigBox extra large storage in freezer

Convenience

- Digital temperature controls
- 4 safety-glass fridge shelves (3 height-adjustable)
- EasyLift door compartments and fridge shelf
- LED lighting
- Removable magnetic door seals for easy cleaning
- SoftClose door system with reversible door

Dimensions

- Height: 1772 mm
- Width: 556 mm
- Cabinet depth: 545 mm

Don't let your fridge ruin the aesthetic of your beautifully designed new kitchen.

Our excellent Built-in Fridge/Freezer hides away, while offering the quality and convenience you expect from Bosch.

Bottom Mount.

KGN53AI30A – Stainless Steel Bottom Mount Fridge/Freezer

KGN53AW30A – White Bottom Mount Fridge/Freezer

Capacity

- 452 L gross capacity

Energy

- 3 star MEPS 2010, 430 kWh per year

Efficiency

- FrostFree MultiAirflow cooling
- FreshSense cooling technology

Freshness & Storage

- SuperFreezing & SuperCooling with auto-switch off
- ChillerBox for meat and fish storage on telescopic rails
- Humidity-controlled CrisperBox for fruit and vegetables on telescopic rails
- ChillerSafe storage box
- 2 freezer drawers

Convenience

- In-door electronic controls with LED display
- 4 safety-glass SpillSafe fridge shelves (2 height-adjustable)
- LED lighting
- Ice cube trays
- Bottle rack
- Audible door alarm
- Reversible door hinging

Dimensions

- Height: 1700 mm
- Width: 700 mm
- Cabinet depth + rear spacer: 750 mm
- Total depth (incl. door, handle and rear spacer): 790 mm

KGN53XI25A – Stainless Steel Bottom Mount Fridge/Freezer

KGN53XW25A – White Bottom Mount Fridge/Freezer

Capacity

- 452 L gross capacity

Energy

- 2.5 star MEPS 2010, 448 kWh per year

Efficiency

- FrostFree MultiAirflow cooling
- FreshSense cooling technology

Freshness & Storage

- SuperFreezing & SuperCooling with auto-switch off
- 2 fruit and vegetable compartments
- ChillerSafe storage box
- 2 freezer drawers

Convenience

- Electronic controls for freezer
- 4 safety-glass SpillSafe fridge shelves (2 height-adjustable)
- Bottle rack
- Reversible door hinging
- In-door ice pack storage

Dimensions

- Height: 1700 mm
- Width: 700 mm
- Cabinet depth + rear spacer: 750 mm
- Total depth (incl. door, handle and rear spacer): 790 mm

Glossary.

AirFresh Filter

The AirFresh filter neutralises odours in the fridge, ensuring the smells don't transfer between foods. Enjoy a fresh smelling fridge every time you open the door.

Audible Door Open Alarm

Audible warning alarms have been intelligently developed to trigger if one or both doors are kept open for over one minute. If either door remains open for longer periods, the alarm signal will act as a reminder every 60 seconds for 5 minutes.

BigBox

The BigBox offers an extra-large storage space, giving you plenty of room to accommodate and stack especially large or cumbersome frozen food items.

Bottle Rack

On selected models a bottle rack is provided for storage of up to 3 bottles.

ChillerSafe

The recommended storage area for meat and fish. The chiller compartment provides a lower temperature and reduced humidity environment.

EasyTilt freezer door compartments

The storage compartments have been specifically designed to tilt forward, enabling easy access as well as providing smarter storage solutions for bulkier items.

FreshSense

Internal sensors constantly monitor the temperature inside and outside the fridge and freezer compartments. The cooling circuit and compressor are continually adjusted to ensure a stable interior temperature and provide prolonged freshness.

FrostFree

The FrostFree system ensures a permanently cold and dry environment, there is no ice build up in the freezer or on your food. The use of electronics to monitor and control the system means the freezer only initiates the frost free cycle when needed.

Humidity control

The humidity control vent gives you the option to raise or lower the humidity in the vegetable/salad container, depending on the food you're storing.

IceTwister

An easy to use ice cube dispenser, simply twist to empty. Makes up to 30 ice cubes at one time. The dispenser can also be completely removed if more storage space is required in the freezer.

Ice & water dispenser

The in-door ice and chilled water dispenser gives you the choice of chilled, filtered water, crushed ice and ice cubes.

In-door ice pack storage

Selected bottom-mount fridge-freezers include a storage compartment in the door, which is ideal for small items.

Intelligent Inverter Technology

The Inverter Compressor helps to keep noise to a minimum and reduces energy consumption, all the while helping to maintain a constant set temperature on the inside regardless of the temperature on the outside.

LED lighting

LED lights keep the contents of your fridge in the spotlight. LED lights bring a completely new lighting concept to fridges, guaranteeing even, glare-free interior illumination. LED lights use less electricity than conventional fridge lights.

MultiAirflow cooling

Bosch's MultiAirflow system ensures that cold air is evenly distributed throughout each individual compartment so that stored food is completely enveloped in cold air. This increases the airflow in the refrigeration compartment and ensures a more uniform temperature throughout, keeping food fresher for longer.

Removable door compartments

The compartments within the door interior can be removed for easy cleaning. The dairy compartment also offers optimum storage conditions and minimises odour transfer within the fridge.

Safety-glass

The shelves within the refrigerator are made of safety-glass, offering extra strength and stability.

Separate Cooling Systems

Separate evaporators for the fridge and freezer sections not only prevent the transfer of flavours and odours between compartments, but also allows the fridge and freezer temperatures to be controlled separately and independently of one another.

SoftClose hinge

Provides smooth and effortless closure of door (model KIN34P60AU).

SpillSafe shelves

The SpillSafe shelves ensure that spills do not filter down onto the shelves below.

SuperCooling

SuperCooling cools the refrigerator compartment to the lowest temperature for approximately 6 hours. Then the temperature set before the SuperCooling mode was set is automatically restored.

This setting is recommended for rapidly cooling large quantities of food and drink.

SuperFreezing

Food should be frozen as quickly as possible to retain vitamins, nutritional values and food taste. To prevent temperature rises when placing large quantities of fresh food in the freezer compartment, switch on fast freeze several hours beforehand.

Telescopic Drawer

Drawers with telescopic rails are easier to load, and give a better view of stored food items.

Temperature Control

Accurate temperature control is essential to maximise the freshness of your food. Our FrostFree fridge-freezers have the added benefit of independent controls for the fridge and freezer sections, giving you the ultimate in temperature control.

Transparent drawers

Durable see-through drawers provide an at-a-glance view of the contents, which keeps the time the door is open to a minimum, saving energy consumption.

Quality Service.

Important notes

Model numbers and specifications are for reference only and subject to change without prior notice.

For additional information on products, please refer to your local Bosch retailer. Bosch is continuously seeking to improve specification, design and production of its appliances, and alterations may take place regularly.

All descriptions and technical diagrams are intended as a guide only. For additional technical information, full dimensional and installation details, please refer to the instruction and installation manuals supplied with the appliance.

The electrical and water connection should only be made in accordance with the regulations of the national authorities.

For model and accessory availability, please contact BSH Home Appliances Limited.

(See back cover for details)

Quality service for quality appliances

Quality of our after-sales service is just as important as the quality of our products. In the unlikely event that service is required on your appliance, our extensive network of authorised service agents throughout New Zealand will ensure you are provided with the full support to ensure your appliance is operating at optimal condition.

Warranty

All Bosch products are covered under a 2-year comprehensive parts and labour warranty.
