

## ENERGY SAFETY

# Supplier Declaration of Compliance — Gas Regulations 1993

All gas appliances and specified fittings **supplied by Importers or NZ manufacturers after November 2002** must have a supplier declaration. Retailers and installers must ensure there is a declaration before they sell or install such a gas appliance or specified fitting. (Note: As of 1 July 2010 there are no specified fittings.)

**Declaration Details****Declaration Number**

1282420118

A supplier declaration is a statement from the supplier that it complies with safety and marking requirements of the Gas Regulations. It is not an approval.

Regardless of the existence of a supplier declaration, a person selling or installing an appliance must take all practicable steps to ensure the appliance is safe under all reasonably foreseeable circumstances.
