Making the perfect brew has never been easier.

There's nothing like an aromatic cup of coffee to kickstart your day. The VeroBarista 600 Fully Automatic Espresso Machine gives you 9 standard beverage settings and 3 special brews to choose from, so that you can enjoy your favourite cuppa from the comfort of your home-all it takes is a touch of a button.

To find out more

Barista-quality coffee in every cup, effortlessly.

The VeroBarista 600 Fully Automatic Espresso Machine gives you the freedom to choose your preferred beverage, ranging from common cafe favourites to more unique offerings. And every cup is carefully brewed to preserve its full aroma and flavour, so you always start your day with the perfect coffee.

There's something for everyone's tastes

You're spoilt for choice with 9 standard beverage and 3 special brew settings, including favourites like Cappuccino and Cafe Latte to less common options like Flat White and Cafe Cortado.

Strong and intense aroma in every cup

The Aroma DoubleShot feature extracts fewer bitter substances, to give you an extra intensive and strong espresso with a rich coffee aroma, even in mixes with a high milk proportion.

Just the right temperature at every step

Temperature plays a big role when brewing up a perfect cup of joe. The SensoFlow System provides the perfect temperature for maximum coffee aroma, and only heats up when necessary in energy-saving mode for maximum efficiency.

Coffee with just a single touch

With ComfortDisplay, preparing a delicious cup of coffee happens almost instantaneously. Simply tap on your preferred selection for your coffee to be dispensed automatically. Having some guests over? Use the One Touch DoubleCup feature to brew 2 cups at the same time for extra ease and convenience.

Hassle-free cleanup

Cleaning up after use is no longer a chore with the AutoMilk Clean function. Simply place the milk suction tube in an empty glass, and select the programme. The machine will rinse out the milk system before cleansing it with a steam shot at the end.
