The Bosch 5 Door French Door Bottom Mount Refrigerator KFN86AA76J offers ample storage space and a tasteful touch of premium with a black glass exterior, making it the perfect choice for every kitchen.

Precise Control With A Touch Of Premium.

#### Premium Electronic Touch Panel

Situated conveniently on the fridge door, the electronic touch panel allows control of the fridge's interior conditions, such as humidity levels, brightness in each section and precise adjustments to compartment temperatures.

In addition, you can activate presets such as the **eco** mode to conserve electricity when supplies are low, or **fresh** mode to keep your newly stocked food fresh for even longer.

Designed with freshness and hygiene in mind.

#### VitaFresh<sup>pro</sup>

Effectively retains moisture and nutrients in your food, extending their freshness by up to 3 times.

The airtight VitaFresh pro compartments come with an indoor electronic panel and an independent temperature setting allowing you to adjust accurately the compartment temperature from -1°C and 3°C.

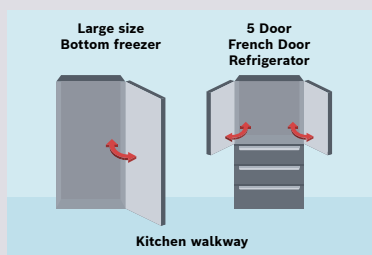

Performance to meet your needs.

The Bosch VarioInverter compressor adjusts its speed efficiently according to the surrounding conditions and refrigerator loads.

This helps to optimize the cooling conditions for you to enjoy improved energy efficiency, freshness and quieter operation at the same time.

Thoughtful touches for your convenience.

### Swing Door Design

Double swing doors ensure space savings on the outside, perfect for narrow walkways.

### Telescopic Rails

A full extension telescopic rail system offers a clear view of the food and makes handling them easier.
