Connectivity, for your kind of control.

Whether you want to simplify daily tasks, set your chores on auto pilot, or take the worry out of everyday life, with Home Connect, the day becomes yours.

Peace of mind

Because sometimes you just want the reassurance that nothing can go wrong.

Automation

Because sometimes you just want to set it and forget it.

Simplification

Technology is best when it's simple to use and meaningful.

Please note that Home Connect service is only available in English and for the appliances installed in cities - Mumbai, Delhi NCR, Bangalore, Kolkata, Hyderabad, Chennai, Ahmedabad, Pune and Jaipur. For further information please check: www.home-Connect.co.in or contact BSH Household Appliances Mfg. Pvt. Ltd. at service.in@bosch-home.com

Peace of mind.

Ever wonder if you left the oven or cooktop on? Or if the fridge door is still open? With the Home Connect app, simply check on your appliances with your smartphone from wherever* you are. You can also turn your smart appliances on or off with Home Connect whenever you want, so you always have control of your appliances when you're not there.

 Did I turn my oven off?

Focus on the things that matter, and we'll take care of the rest.

In small, helpful ways, Home Connect can help take your mind off things. Home Connect will send a notification to your phone if you accidentally left the refrigerator door ajar. Or get help when something goes wrong. With Remote Diagnostics** you can get your appliances back up on running quicker-because we know you have more important things to do than spend your afternoon troubleshooting appliances.

 Your washing cycle is done.

Keep an eye on things even when you're not home.

You shouldn't have to feel tied down at home when using your Bosch Home Appliances. From your oven to dishwasher, washer to dryer, remotely monitor your Bosch Home Appliances with Home Connect from the office, the soccer field, or anywhere* else you are.

**Remote diagnostic services will soon be available in India.
*Connectivity and speed varies based on network and WiFi levels.
Please note that Home Connect service is only available in English and for the appliances installed in cities - Mumbai, Delhi NCR, Bangalore, Kolkata, Hyderabad, Chennai, Ahmedabad, Pune and Jaipur. For further information please check: www.home-Connect.co.in or contact BSH Household Appliances Mfg. Pvt. Ltd. at service.in@bosch-home.com

Simplification.

Bosch Home Appliances with Home Connect turns managing household tasks into an entirely new, simplified experience. Get guided recipes from our recipe partners Kitchen Stories and Zelish, to making a latte from bed - it's the little things that add up to enhancing the quality of your daily life at home.

What's easier than the touch of a button? No button at all.

Your Bosch Home Appliances with Home Connect work seamlessly with Amazon Alexa & Google Assistant. Use your voice to preheat the oven, check on the status of dinner, start the dishwasher, or serve up a cappuccino. Because life should be this easy.

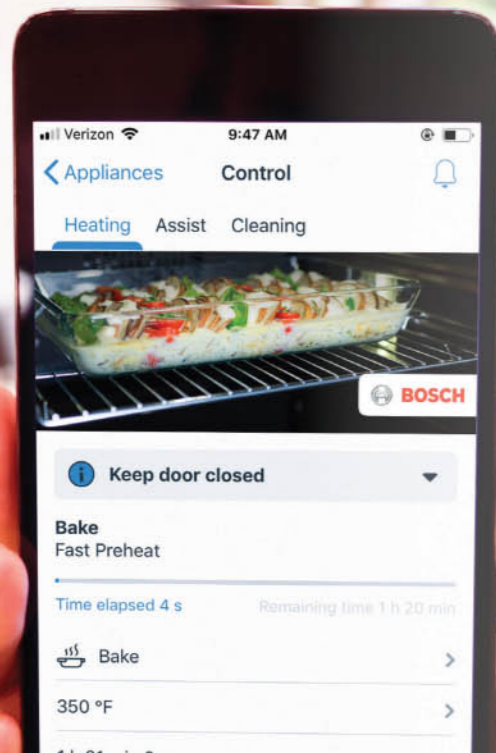

Alexa, ask my dishwasher when my dishes are ready.

In a hurry to get dinner on the table? Preheat from anywhere.

With remote preheat, you can conveniently start your oven from anywhere, saving you time and hassle at home.

Alexa, tell my oven to fast preheat..

Automation.

Life's busy, and sometimes you just have other things on your mind besides laundry and dishes. The automation features of Home Connect can tackle a wide range of household tasks, making the most of your free time. Get access to guided recipes, or start your coffee maker the moment you pull into your garage.

It's 7:30am. Turning On.
Ready to brew a flat white.

What's for dinner? We think we've found an answer.

Spend less time thinking about what's for dinner, and more time getting inspired. Discover a host of delicious, easy recipes conveniently located in the Home Connect app. Or use one of our many culinary partners like Kitchen Stories & Zelish.

How much detergent do you have left at home?

Never run out of detergent again. And better yet, never worry that you might. Consumers will now be able to check the number of tablets left in the dishwasher. They can set the counter (at 2 tabs or 5 tabs) according to when they want to get notified about the dishwasher running out of tablets.

5 Dishwasher tabs remaining.

Please note that Home Connect service is only available in English and for the appliances installed in cities - Mumbai, Delhi NCR, Bangalore, Kolkata, Hyderabad, Chennai, Ahmedabad, Pune and Jaipur. For further information please check: www.home-connect.co.in or contact BSH Household Appliances Mfg. Pvt. Ltd. at service.in@bosch-home.com

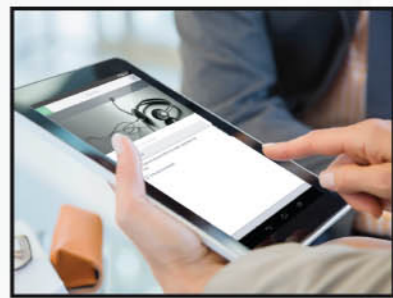

Connected refrigerators.

The Home Connect app allows you to remotely monitor and control your Bosch refrigerator from your smartphone. Control the temperature from wherever* you are-for the ultimate convenience.

Door-ajar Notifications

Receive a notification on your phone should you accidentally leave your refrigerator door open for an extended time.

Remote Diagnostics**

Should you ever encounter a problem, the Bosch customer service team can use remote diagnostics to connect to your refrigerator, helping you find a solution quickly.

Camera in the Fridge

The cameras in the fridge take a snapshot of its contents, so you can find out what ingredients you're missing while shopping for groceries.

**Remote diagnostic services will soon be available in India.
*Connectivity and speed varies based on network and WiFi levels.
Please note that Home Connect service is only available in English and for the appliances installed in cities - Mumbai, Delhi NCR, Bangalore, Kolkata, Hyderabad, Chennai, Ahmedabad, Pune and Jaipur. For further information please check: www.home-connect.co.in or contact BSH Household Appliances Mfg. Pvt. Ltd. at service.in@bosch-home.com

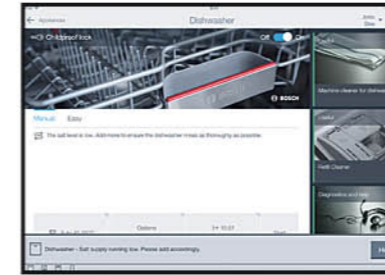

Connected dishwashers.

From remote monitoring, to cycle status notifications, to running diagnostics from the comfort of your home, the Home Connect app allows you to remotely monitor and control your Bosch dishwasher from your smartphone for greater convenience.

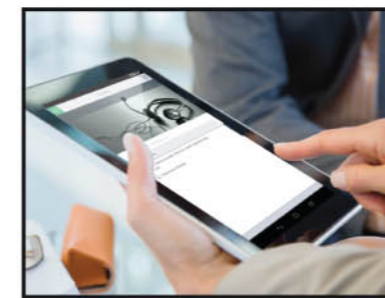

Remote Controlling & Monitoring

Home Connect users can remotely start program on their dishwasher, change the starting time of the preset program remotely & track the status.

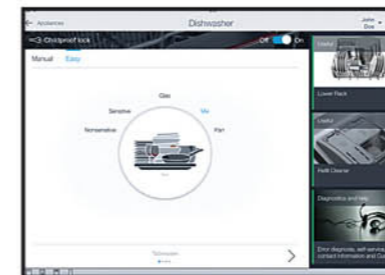

Notifications and Reminders

Users can check the remaining tablet quantity via Home Connect application whenever they want. Home Connect users get notifications or reminders when; Rinse aid/salt level in their respective dishwasher compartment is low, their dishwasher completed its washing cycle, keep a count on the detergent tablet and updates.

Remote Diagnostics**

Service technician can connect to user's appliance via the Home Connect application and diagnose the problem remotely. Service technicians can check all appliance functions to detect the problem remotely.

EasyStart Assistance

Users can make some selections like type of dishes or cleaning preferences and Home Connect application suggests optimum program based on the selections. Users can start the suggested program directly by sending it to the dishwasher.

Favourites

Home Connect users can configure most optimal programs as per their needs and use them just at a touch of button.

**Remote diagnostic services will soon be available in India. Please note that Home Connect service is only available in English and for the appliances installed in cities - Mumbai, Delhi NCR, Bangalore, Kolkata, Hyderabad, Chennai, Ahmedabad, Pune and Jaipur. For further information please check: www.home-Connect.co.in or contact BSH Household Appliances Mfg. Pvt. Ltd. at service.in@bosch-home.com

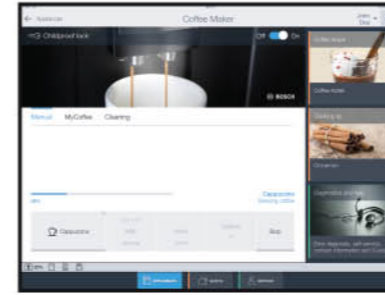

Connected coffee.

Coffee lovers will appreciate all the ways Bosch coffee machines with Home Connect elevates the art of at-home coffee. Have guests over? Send a playlist of drinks to your machine. Feel like sleeping in? Start brewing your latte from bed. Bosch coffee machines with Home Connect is like having your own personal barista - only better.

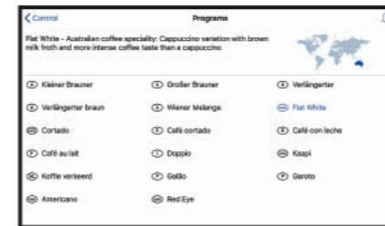

Remote Brewing

The Home Connect app lets you order coffee from anywhere* using your smartphone. So now it's easier than ever to start your mornings off right.

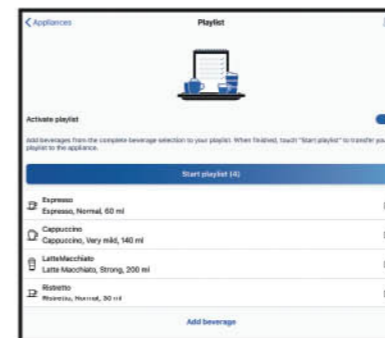

CoffeeWorld

The Bosch built-in coffee machine allows you to access the world of coffee without leaving your kitchen. With CoffeeWorld, explore different brew variations from around the globe. Order directly from the Home Connect app to have your coffee freshly made when you get home.

Coffee Playlist

Take the hard work out of entertaining with a Bosch connected coffee machine. You can program customized coffee and tea beverages for all your guests. So while you're busy entertaining, your coffee machine is brewing the perfect cup. When it's finished, the coffee machine will alert you in the app.

Clever Assistance for Anyone Who Loves Coffee Specialities with Milk

Milk gone off? It won't happen to you. Because Bosch Built-In coffee machines with Home Connect can send you a reminder if you've forgotten to put the milk container back in the coffee machine.

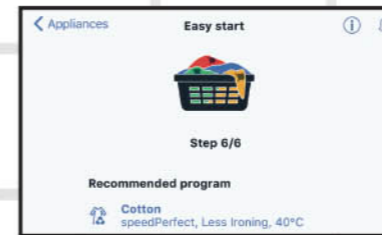

forgotten to put the milk container back in the fridge.

*Connectivity and speed varies based on network and WiFi levels. Please note that Home Connect service is only available in English and for the appliances installed in cities - Mumbai, Delhi NCR, Bangalore, Kolkata, Hyderabad, Chennai, Ahmedabad, Pune and Jaipur. For further information please check: www.home-connect.co.in or contact BSH Household Appliances Mfg. Pvt. Ltd. at service.in@bosch-home.com

Connected laundry.

Bosch Home Appliances with Home Connect, allow you to control your laundry, rather than the other way around. Specify when you need your favorite pair of jeans finished by, take the guesswork out of selecting the right cycle, and start your washer from anywhere.* Home Connect can even help you select the right program to remove red wine or chocolate stains.

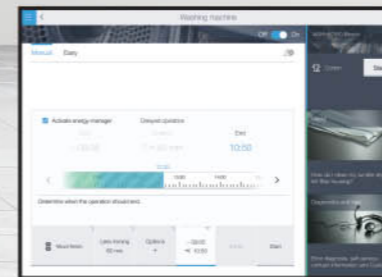

EasyStart

Thanks to Home Connect, you don't have to guess which setting to select for your clothes. EasyStart recommends the best program based on the types of clothes you select in the app.

Remote Monitoring

With Home Connect, your device can send you status updates, including when a cycle is complete, so you can master your day.

Notification and Reminders

Home Connect users get notifications or reminders when the detergent level in the detergent compartments of their auto-dosing washing machine is low, or when their washing machine completes its washing cycle, or when the water tank of the dryer gets full.

*Connectivity and speed varies based on network and WiFi levels. Please note that Home Connect service is only available in English and for the appliances installed in cities - Mumbai, Delhi NCR, Bangalore, Kolkata, Hyderabad, Chennai, Ahmedabad, Pune and Jaipur. For further information please check: www.home-Connect.co.in or contact BSH Household Appliances Mfg. Pvt. Ltd. at service.in@bosch-home.com

Connected hob.

With the Home Connect app, the status of every cooking zone can very easily be monitored. Now you'll never need to wonder whether you switched everything off again. And you can even check if the child lock is engaged while you are out - if it isn't, just tap the Home Connect app.

For hobs without a built-in display, the app makes it easier for you to access the functions and basic settings.

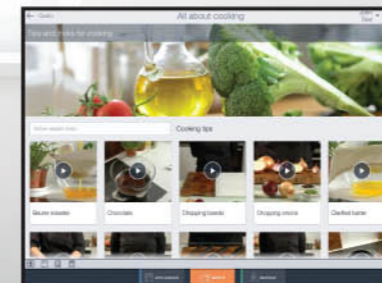

Settings

Ability to set user settings and display of setting explanations incl. link to additional information if needed.
Ability to activate / deactivate child lock via app.

Timers

Set different timers for cooking zones or zone independent (egg timer, count-up timer) with audio signaling when running out.

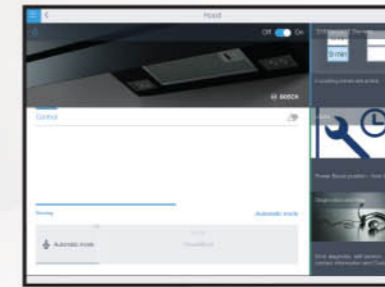

Recipes Transfer

Recipes with ingredients and preparation steps include recommended settings that can be transferred to cooktop with confirmation at cooktop UI.

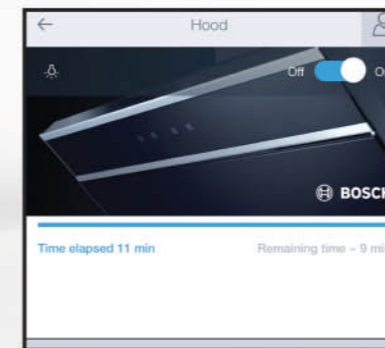

Connected chimney.

While you cook with Home Connect, maintaining clear visibility gives you some breathing space. Now conveniently change your chimney's control settings with Home Connect via the app. You have everything under control – from the blower setting to the sensitivity and the run-on time.

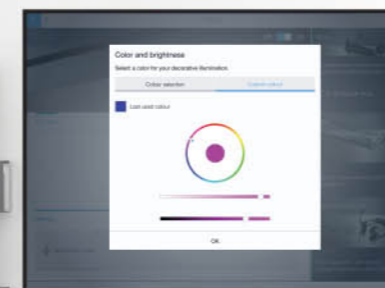

Automatic Chimney Control

Hood is activated automatically (with preset can level) when hob is heated. Fan intensity and duration can be changed by the user in the settings menu as well as the activation.

Notifications

Get notified after the cooktop switches off and also get full-text instructions in the case of carbon or grease filter saturation.

Ambient Lighting in the Hood

Configure your own room atmosphere, having the possibility to choose from a bright lineup of colors to backlight the kitchen.

Connected oven.

The best chefs don't just have the best ingredients, but also the best tricks. With the Home Connect function on your oven, you now have all you need to create the best meals. It helps you monitor temperatures and timings to flawlessly roast meats with PerfectRoast, or create stunning cakes with PerfectBake. Plus, you get access to content like unique recipes and useful cooking and baking tips right on your smart device. With all this at your fingertips, you'll be cooking up a storm in no time.

World of Recipes

The Home Connect app gives you access to an ever-growing library of cookbooks and recipes, so you'll never have to rack your brains about what to cook ever again.

Remote Control

You'll never have to worry if you've left the oven on - simply check the Home Connect app and turn it off remotely. And even while you're on your commute home, you can pre-heat your oven remotely so that you're ready to cook the moment you step into the house.

Partners and ecosystem.

At Bosch Home Appliances, we believe our appliances should be able to connect to all aspects of your life. That's why Bosch appliances with Home Connect easily integrate with a variety of partners through our ever-growing, open partner ecosystem.
