Dishwasher Cleaners

The right clean & care products are essential, and ours help maintain your appliances for optimal performance.

Cleaners for Dishwashers

Dishwasher Care

- ▶ Material # 00311995
- Contents: 250ml bottle
- ▶ Material # 00311998 (Set of 4) – value pack

Product features:

- Removes grease and limescale
- The specially adapted ingredients ensure the removal of fats, oils and limescale
- For bright and shiny cleaning results
- Pleasant and fresh smell
- Easy to use thanks to intelligent dosing technology
- Regular application prevents rust formation
- Improves the lifetime and performance of the dishwasher
- Tested and approved care product for our appliances

Frequency of use:

Should be used every 1 to 2 months to remove grease left by food debris

Dishwasher and Washing Machine Cleaners

Achieving the utmost washing performance is a very detailed job. In order to keep your dishwasher and washing machine giving its very best, a little care is needed, and this is where our clean & care products come along to help you keep the desired performance.

Quick Descaler for Washing Machine and Dishwashers

Descaler

- ▶ Material # 00311920
- Contents: 250g
- ▶ Material # 00311924 (Set of 4) – value pack

Product features:

- Quick and reliable removal of limescale in the entire interior of the appliance
- Decalcified heaters reduce heating time and power consumption
- Easy to use
- One container equals one dose
- Improves the lifetime and performance of the appliance
- Tested and approved for our appliances

Frequency of use:

Every 3-6 months for Washing Machines and once a year for Dishwashers

Cleaner for Washing Machine

Cleaner

- ▶ Material # 00311927
- Contents: 250g
- ▶ Material # 00311930 (Set of 4) – value pack

Product features:

- Removes all deposits in drum and tubes – this may improve washing results by reducing spots and marks on laundry
- Can help to reduce unpleasant odors caused by deposits in the appliance's interior (due to regular low temperature washing cycles)
- Rubber parts, such as hoses and seals, remain elastic
- Improves the lifetime and performance of the appliance
- Tested and approved for our appliances

Frequency of use:

Every 3 months

Cleaner for Dryers

Care Product for Heat Pump Dryers

- ▶ Material # 00312111
- Contents: 4x 125ml bottle

Product features:

- Eliminates odors and maintains the appliance if it has not been used for a longer period
- Helps to remove residues and lint from the appliance and the condensate container which may originate from the washing and drying process
- For all heat pump dryers with integrated care program (WT7...; WT.7...; WTXH7...; WTU8...)
- Recommendation for all other appliances: Consult customer service before first application
- Tested and approved
- Recommended to be applied 2-3 times per year, depending on frequency of use of the appliance
- Content: 4 bottles x 125 ml

Frequency of use:

2-3 times per year, depending on the frequency of usage of the appliance

Oven / Hob Cleaners

Cooking is fun, but the residues that come out of it aren't. This is why our simple-to-use clean & care products play an essential part in powerfully removing all dirt, grease and burnt-in residues, for a shiny finish and pleasant smell.

Oven Cleaners

Cleaning Gel for Ovens
