Our top quality promise to you.

Developed and produced in Germany, the all-new Bosch Unlimited 7 is a result of over 80 years of experience in the manufacturing of vacuum cleaners. We keep to our quality promise, with a 10 year Motor Guarantee on the Unlimited 7.

Expect nothing less than maximum performance.

Dust-free floor matched with cleaner air.

When used in Turbo mode, the Bosch Unlimited 7 reaches a dust pick up as required for corded vacuum cleaners. It offers you the ease of cordless cleaning with no compromise on cleaning results.

AllFloor DynamicPower Brush with LED Lights.

With over 99.9% dust pick up and integrated floor lights for better visibility.

Newly developed BLDC Motor.

Lightweight, high performance (up to 66,000rpm). Made in Germany and comes with 10 years Motor Guarantee.

Long lasting battery life that never lets you down.

Enjoy extendable runtime with the exchangeable battery pack for a complete cleaning experience, all at one go. The Quick Charger allows charging of a battery at up to 3 times the speed of a regular charger, allowing you more time for things that truly matter.

Metal mesh filtration system for clean exhaust air.

Enjoy extra clean exhaust air when vacuuming. The Metal Mesh Filtration System of the Unlimited 7 ensures 99.9% filtration of fine dust and particles. Thanks to the high Bosch quality, it is particularly long-lasting, for consistent filtration over many years. What's more, the special filtration system is made of high-quality, durable metal mesh and lifetime cartridge filter material. So you can breathe easy while vacuuming.

Fast and easy filter cleaning with RotationClean.

With many vacuum cleaners, washing the filter takes a lot of extra effort. Thanks to the RotationClean function, you can clean the filter of the Unlimited vacuum cleaner hygienically in no time. It allows for easy removal of dust and dirt through a simple turn of the red wheel on the dust box. This is quick and easy filter cleaning with no washing and minimal dust contact.

Easy emptying of dustbox and no filter washing.

Emptying the dust box should be hygienic and worry-free. You can empty the box without creating a dust cloud and clean the filter without washing it. Simply remove the dust box, turn the red wheel and empty it directly into the trash can. In this way, you avoid direct contact with dust. After that, you can simply mount the dust box again. It is the hassle free hygienic solution for your vacuum cleaner.

Unlimited flexibility for ultimate convenience.

The Bosch Unlimited 7 is primed to be a game changer, with 4 outstanding features that were specially developed to fulfill the needs of every household in every cleaning situation.

Flex Tube

Enjoy full flexibility with a 90° flex tube that allows reaching under furniture effortlessly without the need to kneel down.

Quick Stand

Quick detachment of the handheld from the tube that allows for easy switch between floor and mid-level cleaning.

Easy Parking Clip

Park the appliance safely against your furniture with this hook and enjoy the break you so deserve.

Nozzle Foot Release

Detach the nozzle easily with your foot and switch from floor cleaning to overhead or narrow spots cleaning.

Unlimited 7 Black

BCS712XXL

Highlights:

Extend runtime easily with exchangeable battery packs.

Enjoy 33% more runtime for up to 100sqm(x2).

Powerful like a corded vacuum cleaner.

90° bendable - cleaning underneath low furniture.

Practical control interface with 3 different modes.

Motorized Brush with LED lights.

No more bending to change cleaning mode.

Powerful and lightweight motor Made in Germany.

Flexible cleaning thanks to freestand-function.

Park the device freely during a short break.

Unlimited 7 Red BBS711ANM (ProAnimal)

Highlights:

Ideal for removing pet hair more efficiently and fast.

Practical control interface with 3 different modes.

Powerful like a corded vacuum cleaner.

90° bendable - cleaning underneath low furniture.

Motorized Brush with LED lights.

Enjoy 33% more runtime for up to 100sqm.

No more bending to change cleaning mode.

Powerful and lightweight motor Made in Germany.

Flexible cleaning thanks to freestand-function.

Park the device freely during a short break.

ProAnimal Brush

Ideal for removing pet hair more efficiently.

Our specially designed nozzle is perfect for pet owners, as it removes pet hair efficiently in no time thanks to its high performance. Two different rows of bristles ensure that almost all pet hair is removed. In addition, thanks to the 70% larger diameter of the brush roller, the hair is less likely to get tangled. This makes cleaning the brush easy and fast, and you can spend more time with your pet instead of cleaning your home.

ProAnimal Mini Power Nozzle

Mini power nozzle collects hair easily.

Pet hair is usually a nuisance. The handy ProAnimal Mini Power Nozzle is specially designed for pet owners. It comes with a standard brush roll and a second brush that makes picking up pet hair quick and easy. The mini power nozzle thoroughly picks up fibers from upholstery and hard-to-clean places like your pet's basket.

3 Power Modes

Practical Control Interface with 3 different modes

Different vacuuming tasks require different modes. The vacuum cleaner provides a control interface with 3 power modes for every challenge. “Turbo” boosts performance for difficult tasks by providing as much performance as a corded vacuum cleaner. The intelligent “Auto” mode adjusts performance and runtime depending on the floor and surface - whether carpet or the hard floor. And “Eco” provides extra-long, optimal runtime for everyday cleaning tasks.

Unlimited 7 White BBS711W

Highlights:

Ergonomic features for high convenience and flexibility.

Powerful like a corded vacuum cleaner.

Practical control interface with 3 different modes.

No more bending to change cleaning mode.

Flexible cleaning thanks to freestand-function.

Motorized Brush with LED lights.

90° bendable - cleaning underneath low furniture.

Enjoy 33% more runtime for up to 100sqm.

Powerful and lightweight motor Made in Germany.

Park the device freely during a short break.

Designed and made with you in mind.

Powerful like a corded vacuum cleaner.

Now it's possible: the Unlimited 7 cordless vacuum cleaner offers the same performance as a corded device. Thanks to a reliable and long-lasting Bosch battery, a powerful 66,000 rpm motor and a motorized nozzle with LEDs, the powerful multi-use handstick is just as powerful as a corded vacuum and provides thorough and flexible cleaning. Enjoy the benefits of a cordless vacuum cleaner combined with the power of a corded vacuum cleaner.

90° bendable. Cleaning underneath low furniture.

No more bending down to get under furniture or sofas. The new integrated joint in the tube makes it possible to clean effortlessly under low-lying furniture, sofas or beds. Dust and dirt in hard-to-reach corners no longer stand a chance, because the power is always high, even when the Flex Tube is bent. Enjoy 100% flexibility thanks to the 90° angle, which makes cleaning even hard-to-reach places a breeze.

Motorized Brush with LED lights.

Enjoy optimal cleaning results on all floors and surfaces and even in the darkest places. With the powerful motorized brush, you can achieve dust pickup of more than 99.9%. Thanks to the powerful built-in LED lights, you can spot and remove dirt and dust even in hard-to-see places like behind furniture or in dark corners. Plus, you can pick up 30% more dust on carpets. So you can feel comfortable in a clean home in no time.

Extend runtime easily with exchangeable battery packs.

Want to clean your entire house without running out of power? If you want more flexibility in terms of runtime, an additional battery lets you extend your vacuuming duration.

Enjoy 33% more runtime for up to 100sqm.

With the powerful and enduring 3.0Ah Power For All battery from Bosch, even demanding cleaning tasks can be mastered effortlessly. The lithium-ion battery is rechargeable, exchangeable and protected against overheating, overcharging, self-discharge and memory effect. In addition, the battery offers 33% more runtime, ensuring powerful performance and long runtimes. So you can clean up to 100m² with just one battery charge - without interruptions and without worrying about time-consuming recharging.

No more bending to change cleaning mode.

Small step. Big effect. Now you can easily switch from floor cleaning with the nozzle to overhead or spot cleaning with the practical suction tube - with just a small movement of your foot. The convenient Nozzle Foot Release separates the nozzle from the tube with just a click of your foot. You'll never have to bend down to remove the nozzle by hand again.

Powerful and lightweight motor Made in Germany.

There's no compromise on performance with our brushless TurboSpin motor. It was developed and manufactured by Bosch in Germany and it has passed many tests to ensure lasting quality. What's more, the 3-phase synchronized digital motor is highly efficient, 21% faster and 31% lighter - at up to 66,000rpm - for easy handling and impressive cleaning performance every time.

Flexible cleaning thanks to freestand-function.

Save time and energy thanks to the Quick Stand function. Switch easily and effortlessly from floor cleaning with the vacuum cleaner to mid-level cleaning with the handheld vacuum cleaner. While cleaning with the handheld, the nozzle and tube simply stand by themselves. You do not have to put the vacuum cleaner on the floor or return it to the docking station. Afterwards, you put the handheld back into the tube and continue cleaning the floor.

Park the device freely during a short break.

You no longer have to put the device back in the docking station or lay it on the floor when you want to take a break. Thanks to the Easy Parking Clip, you can effortlessly place the device anywhere - on the edge of furniture, such as a table or shelf, or on the back of a chair. Plus, the clip's special surface prevents scratches and slippage. The vacuum cleaner is securely fixed in place, ready to go on whenever you want.

Overview of Accessories

The Bosch Unlimited 7 offers a comprehensive range of accessories, each developed consciously with an aim to provide the best cleaning experience.

Flexible extension hose

Effortless cleaning anywhere thanks to a long and extremely flexible hose.

Keyboard & drawer cleaner

Easy cleaning and dusting without accidentally picking up small objects.

Long flexible crevice nozzle

Makes it easier to clean hard-to-reach areas and narrow spaces. Especially for cleaning behind furniture, drawers or your car.

Mattress nozzle

For thorough cleaning of mattresses.

Mini power nozzle

The small motorized nozzle is perfect for picking up fibers on upholstery and for cleaning small areas.

Short crevice nozzle

Specially designed for accessing hard-to-reach areas.

XXL upholstery nozzle

Ideal for cleaning large areas on upholstery furniture.

2in1 upholstery & furniture brush

Perfect for cleaning sensitive surfaces and textiles.
