

Fully Automatic Espresso Machine

800 Series VeroCafe Espresso Machine – TQU60703

TQU60703
Stainless Steel / Black

International coffee specialties and an integrated, perfect milk solution meet an intuitive full-touch display combined with illuminated brewing area, a coffee pot function, and a cup warmer on top.

Features & Benefits

With the Active Select Display, effortlessly browse through a wide range of international specialty coffees and brew your favorites with a touch of a button.

The art of making perfect espresso brought to science with our Aroma Max System – extract even the subtle notes of flavor from your favorite beans.

Now you can also use your smartphone to remotely brew coffee from your fully-automatic espresso machine. Discover international coffee drinks via the Home Connect® app or try the Coffee Playlist – a list of your favorite hot beverages made one after the other.

With Aroma Select, you can adjust the strength of the coffee to your personal preferences. Simply choose between three different aroma profiles: mild, balanced or distinctive.
