

Invented for life

Enhance your kitchen with Smart Appliances

Discover the connected suite of appliances powered by Home Connect™

Welcome to the connected home.

Smart homes help people stay in the know when it matters. That's why Bosch created a collection of connected appliances designed to make your life easier. Home Connect™ allows you to harness the power of connectivity and interact with your appliances and smart devices for new levels of ease and convenience.

Alexa, ask My Washer when the laundry will be done?

Master your day, in your own way.

You know the feeling when some days just go your way? That's the philosophy behind Bosch appliances with Home Connect™. Now you can intelligently manage and organize household tasks through the simple convenience of the Home Connect ecosystem.

just ask | alexa

Peace of mind

Keep an eye on your kitchen, even when you are away from home.

Automation

Because sometimes you just want to set it and forget it.

Simplification

Technology is best when it's simple to use and meaningful.

Connectivity, for your kind of control.

Experience the freedom to simplify your daily tasks, effortlessly automate your chores, and eliminate a few worries from everyday life with Home Connect™. With our innovative technology, the day becomes truly yours.

Peace of mind

Do you often find yourself wondering if you've left the oven or cooktop on, or if the fridge door is still open? With the Home Connect™ app, you can easily put your mind at ease by checking the status of your appliances using your smartphone or other compatible smart devices, regardless of your location.* With Home Connect, you have the flexibility to remotely activate or deactivate your smart appliances, ensuring that you maintain full control over them even when you're not physically present.

*Connectivity and speed varies based on network and WiFi levels.

Focus on the things that matter, and we'll take care of the rest.

In small, helpful ways, Home Connect™ can help take your mind off things. Home Connect will send a notification to your phone if you accidentally leave the refrigerator door open. Features like this will ensure that you maximize the freshness of your food while avoiding accidental spoilage and wasted electricity.

 Your laundry program has completed.

Keep an eye on things even when you're not home.

You shouldn't have to feel tied down at home when using your Bosch appliances. From your oven to dishwasher, washer to dryer, remotely monitor your Bosch appliances with Home Connect from the office, the soccer field, or anywhere else you are.*

What's easier than the touch of a button? No button at all.

Your Bosch appliances with Home Connect™ work seamlessly with Amazon Alexa & Google Assistant. Use your voice to preheat the oven, check on the status of dinner, start the dishwasher, or serve up a cappuccino. Because life should be this easy.

 Alexa, ask My Dishwasher when the dishes will be ready.

 Alexa, tell My Oven to start fast preheat with bake program.

In a hurry to get dinner on the table? Preheat from anywhere.

With remote preheat, you can conveniently start your oven from anywhere, saving you time and hassle at home.

Simplification

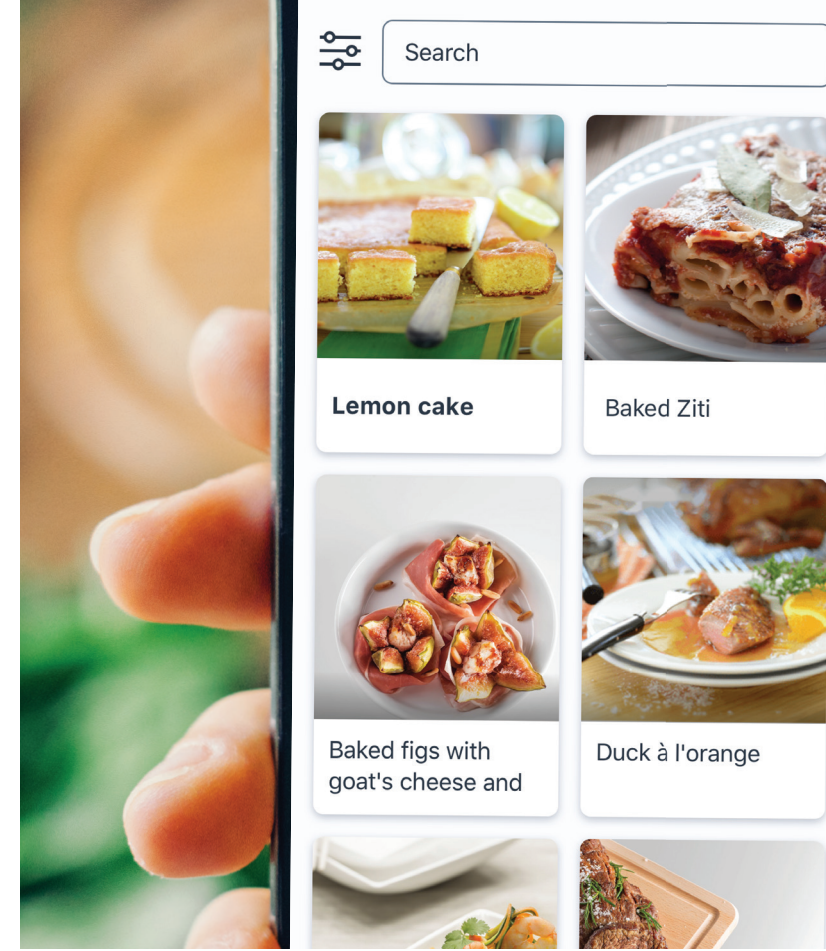

Bosch appliances with Home Connect™ turns managing household tasks into an entirely new, simplified experience. From checking your fridge and pantry stock with the Shopping List feature in the app while at the market, to making a latte from bed to checking the status of your laundry from the soccer game – it's the little things that add up to enhancing the quality of your daily life at home

Automation

With a busy schedule, it's common to get preoccupied with more than just cooking, laundry, and dishes. That's where the Home Connect™ partner ecosystem comes to the rescue. With smart home routines and automatic replenishment delivery of essentials like refrigerator water filters, it simplifies your everyday cooking and cleaning tasks. Set up personalized routines with Google Home and IFTTT to enhance convenience and efficiency in your home. Let Home Connect™ lend a helping hand, allowing you to focus on what truly matters.

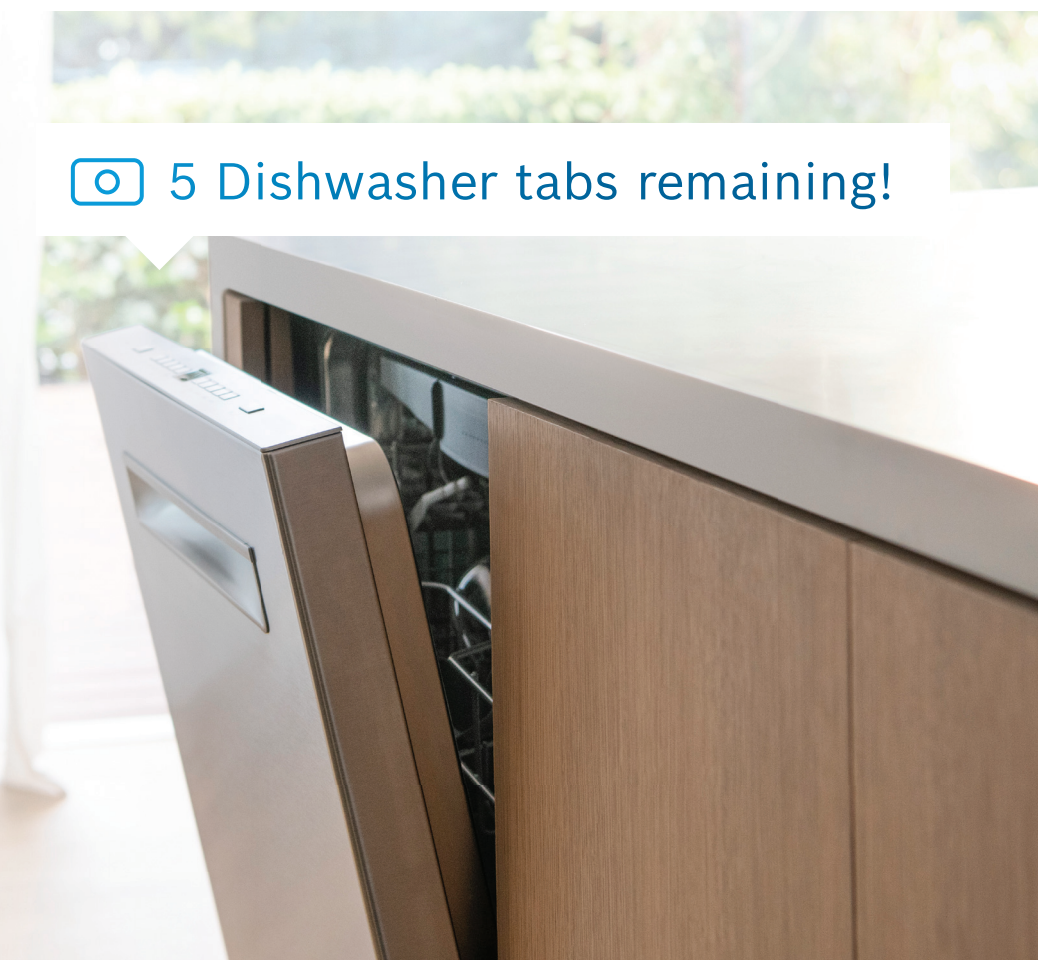

What's for dinner? We think we've found an answer.

Spend less time thinking about what's for dinner, and more time getting inspired. Discover a host of delicious, easy recipes located conveniently in the Home Connect™ app. Or use one of our many culinary partner apps like cbbk or Sidechef™

5 Dishwasher tabs remaining!

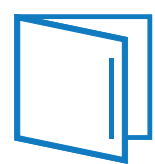

How much detergent do you have left at home?

Never worry about running out of detergent tabs with Bosch Smart Dishwashers. Compatible with Amazon Smart Reorder service, which automatically reorders and delivers your favorite dish detergent tabs when you're running low. Enjoy the convenience of effortlessly maintaining an ample supply, without the hassle of manually keeping track and reordering.

Connected refrigerators.

The Home Connect™ app allows you to remotely monitor and control your Bosch refrigerator from your smartphone. Control the temperature from wherever you are—for the ultimate convenience.*

Door-ajar notifications

Receive a notification on your phone should you accidentally leave your refrigerator door open for an extended time.

Enhanced App Content

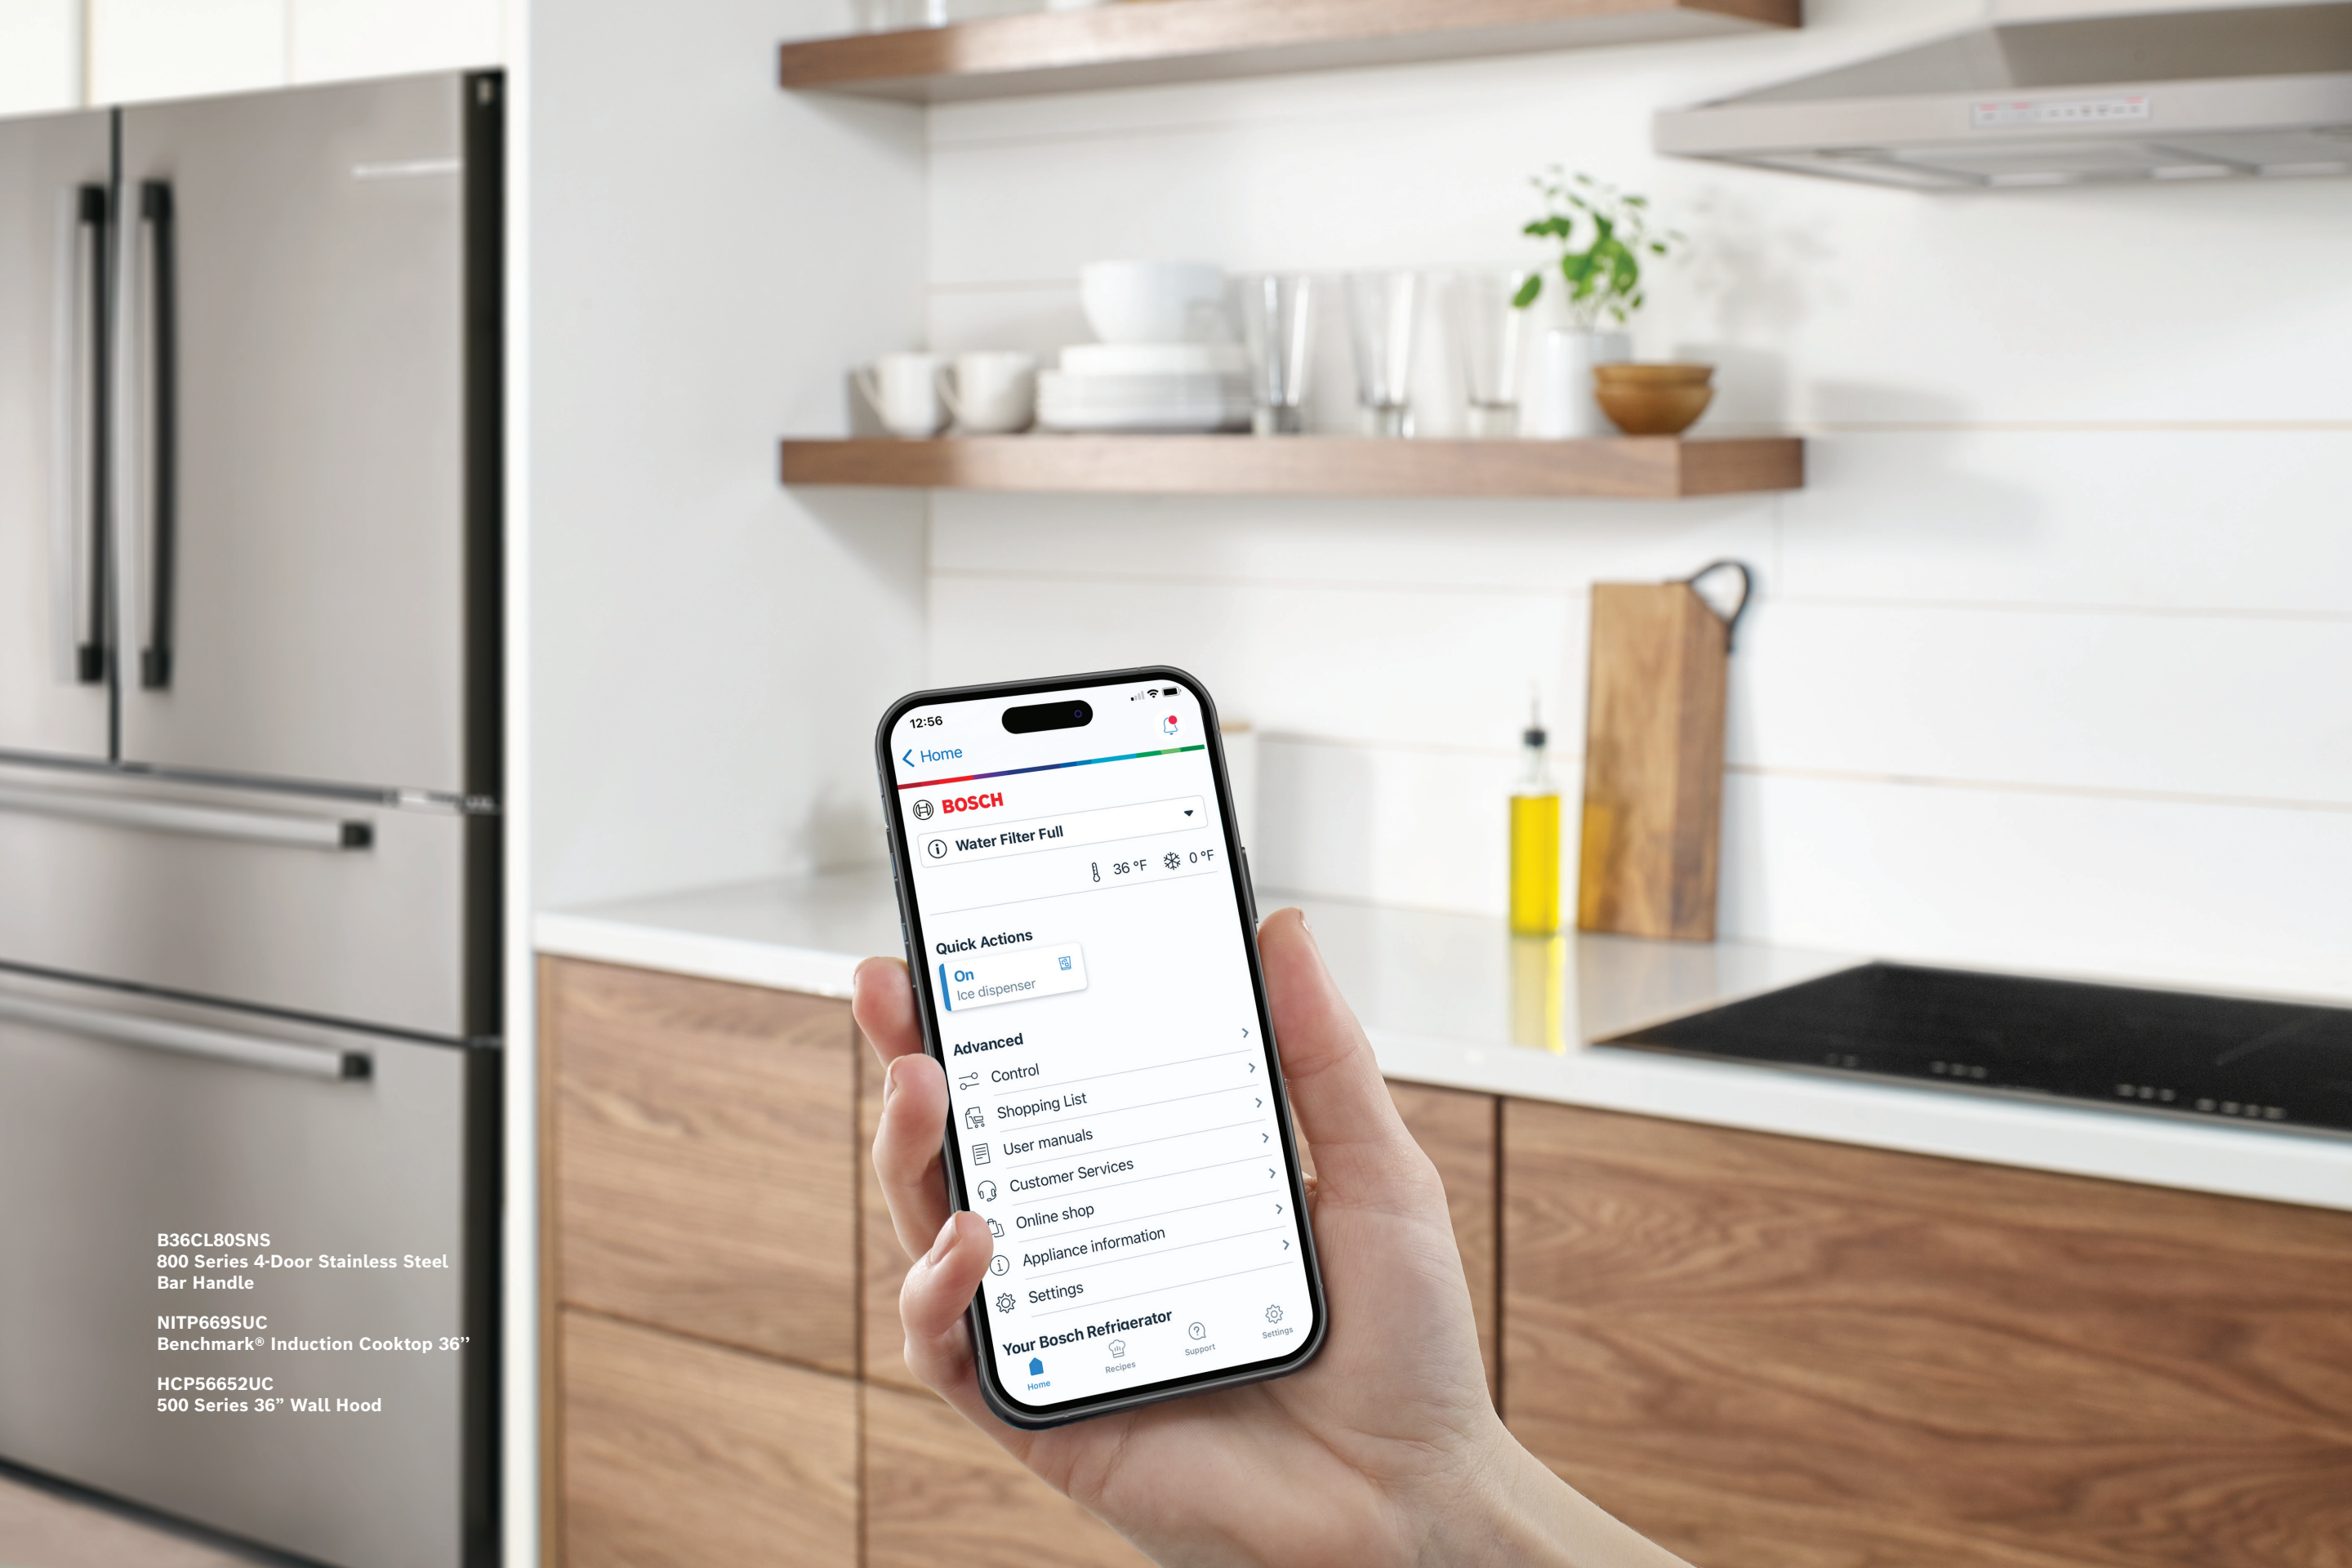

Discover in-app tips & tricks with informative how-to videos, utilize the Shopping List feature for groceries, and effortlessly shop for parts & accessories tailored to enhance the performance of your appliance..

Automatic water filter re-ordering

With Amazon Smart Reorder, water filters will be automatically reordered when it's time for replacement, so you will always have clean, filtered water at home.

*Connectivity and speed varies based on network and WiFi levels.

Connected dishwashers.

From remote monitoring, to cycle status notifications, to running diagnostics from the comfort of your home, the Home Connect™ app allows you to remotely monitor and control your Bosch dishwasher from your smartphone for greater convenience.

Automatic Reordering

Home Connect enabled dishwashers keep tabs on themselves—quite literally. Together with Amazon Smart Reorder, dishwasher tabs are automatically reordered when you're running low and delivered to your door.

Remote Monitoring

The Home Connect app can notify you once your dishwasher's cycle is complete, so you'll know when it's ready to be unloaded.

Leak Protection

In the rare event a leak should occur, your Bosch connected dishwasher will immediately send an alert on your smartphone, ensuring a little problem doesn't become a bigger one.

Benchmark® Dishwasher24" Stainless Steel

Connected cooking.

Let Home Connect™ enhance the experience of cooking. From preheating your oven from the office, to never needing to manually adjust your hood vent, to discovering new recipes –then cooking them to perfection. Even ask Alexa along the way how dinner is coming along.

Remote preheat

Get meals on the table sooner and be efficient with your time using remote preheat. Preheat your oven from anywhere* using the Home Connect app so the oven is ready to cook when you are.

Automatic cooktop-hood control

Home Connect enabled hoods automatically activate when the cooktop is turned on and adjust the blower speed to match the level of heat detected while cooking.

World of recipes

Access a world of healthy, delicious recipes from the Home Connect app, then send the appropriate settings straight to your wall oven.

*Connectivity and speed varies based on network and WiFi levels.

Connected coffee.

Coffee lovers will appreciate all the ways Bosch coffee machines with Home Connect™ elevates the art of at-home coffee. Have guests over? Send a playlist of drinks to your machine. Feel like sleeping in? Start brewing your latte from bed. Bosch coffee machines with Home Connect is like having your own personal barista—only better.

Remote brewing

The Home Connect app lets you order coffee from anywhere*, using your smartphone. So now it's easier than ever to start your mornings off right.

CoffeeWorld

The Bosch built-in coffee maker allows you to access the world of coffee without leaving your kitchen. With CoffeeWorld, explore different brew variations from around the globe. Order directly from the Home Connect app to have your coffee freshly made when you get home.

Coffee Playlist

Take the hard work out of entertaining with a Bosch connected coffee machine. You can program customized coffee and tea beverages for all your guests. So while you're busy entertaining, your coffee machine is brewing the perfect cup. When it's finished, the coffee machine will alert you in the app.

*Connectivity and speed varies based on network and WiFi levels.

Alexa, tell my coffee machine to make a cappuccino.

Connected laundry.

Experience the convenience and flexibility of Bosch compact washers and dryers equipped with Home Connect™. Effortlessly monitor and control your laundry using your smartphone, smartwatch, or voice. Explore a range of new washing and drying program downloads available in the app. Let Program Assistant and Smart Dry guide you in selecting the optimal settings. Seamlessly manage your laundry tasks with ease, enjoying the convenience and peace of mind that Home Connect™ brings to your daily routine.

Hey Google, start SuperQuick 15 on the washer.

Program Assistant

Program Assistant recommends the best laundry program based on your chosen clothing types, while Smart Dry optimizes the drying program based on washer results. Enjoy effortless laundry with precision and efficiency.

Remote monitoring

Stay informed and worry-free with Home Connect™. Receive status notifications, including alerts when a laundry program has completed, allowing you to be more efficient with your time.

One-Touch Favorites

Home Connect lets you personalize and save frequently used program selections, easily recalling them with a single touch on the app or Dishwasher Favorite button.
