

German Engineered.
Stunning Designs.
Perfect Kitchens.
Unrivalled Performance.

Designed for quality. Invented for life.

For over 135 years, Bosch appliances have embraced a tradition of timeless design that's both purposeful and beautiful. Bosch is passionate about manufacturing technologically-advanced, precisely-engineered products that make people's lives easier, better and more enjoyable.

As the front runner in European kitchen design for the premium market, Bosch offers builders a sleek, streamlined look that complements modern, transitional and traditional kitchen styles. Bosch sets a new standard in kitchen design with one of the quietest dishwashers on the market, and appliances that fit perfectly in contemporary style kitchens. Bosch stands for reliability, sustainability and well-engineered technologies.

Elevate your project with the timeless quality of Bosch. For more information on our entire line of products, go to www.bosch-home.ca.

Whether you are selecting appliances for building and development projects or designing a kitchen, our team will make the process seamless. Getting your vision off the ground takes people and expertise you can count on from start to finish and beyond, and that is what you get from Bosch.

Quality is in the details

From the feel of an oven handle, to the quiet of a dishwasher, to the ease of a cooktop, we believe the products we use and interact with everyday can enhance the daily quality of your life. It's these small details, obsessed upon by our engineers and repeatedly tested in our factory, that manifest as the tangible difference of Bosch quality.

485 quality checks

Every dishwasher must pass 485 quality checks—including running every single one with water—before leaving the factory. So you can rest assured that your dishwasher is built to withstand whatever life throws your way.
