CAUTION
Always wait until the Status LED has stopped blinking before attempting to open the brewing unit. T DISCS can be hot to the touch. Do not use chemically softened water!

ATTENTION
Attendez que le voyant d'état ait cessé de clignoter avant d'ouvrir le système de percolation. Les T DISCS pourraient être brûlants. Ne pas utiliser d'eau adoucie chimiquement!

ATENCIÓN
Antes de abrir la unidad de elaboración espere siempre hasta que LED de estado deje de parpadear. Los T DISCS pueden estar calientes al tacto. ¡No utilizar agua ablandada químicamente!
