

BOSCH

Invented for life

Dishwasher Range.

Quiet. Efficient. Advanced performance.

*Source: Euromonitor, volume sales, 2020.

Why choose Bosch?

World's No. 1 Dishwasher brand.*

With over 50 years of innovation and success in dishwasher manufacturing, you can count on Bosch's brand promise of superior quality and reliability to deliver perfect washing results.

*Source: Euromonitor, volume sales, 2020.

Quality comes from experience.

All Bosch products are manufactured to highest possible standards, using only premium quality materials. We undertake quality and endurance tests for our products under continuous usage conditioning. Not a single appliance leaves our factory until it has been proven to meet our high standards.

Extremely quiet operation.

Bosch dishwashers are so quiet you won't even hear them running. With a brushless motor and advanced sound insulation technology for extremely quiet operation from just 40dB. Quieter than light rain.

Extensive Customer Service Network.

Our friendly Bosch Customer Care team is on-hand to provide competent, reliable assistance. Before or after purchase, the Bosch team will be happy to advise you on products, their use and special functions. To get in contact with our Bosch team, call us on 0800 245 700 or email us at aftersales.nz@bshg.com.

Reliability Guaranteed.

We offer a 2 year manufacturer warranty on all our appliances, plus a 10 year warranty against rusting-through of the dishwasher's stainless steel inner tub and an AquaStop Plus anti-flood protection guaranteed for the life of the dishwasher. The appliance must be registered with the warranty card or online at www.bosch-home.co.nz/mybosch

Home Connect* – Connect your household.

With Home Connect, you can control your Home Connect enabled appliances easily: From the washing machine to the cooktop, to the rangehood or the coffee machine. The Home Connect app gives you access to all the relevant information at any time. It can not only switch your appliances with Home Connect on and off, it can also select programs, adjust timers, set appliances to eco mode and much more.

Find out how Home Connect can help your household become more efficient and safer at the touch of a button at www.home-connect.co.nz

Why not try the app?

Experience it yourself: download the free Home Connect app and try Home Connect even if you don't have an appliance.

Home Connect

Extra Clean Zone

Advanced technologies from Bosch.

PerfectDry.*

PerfectDry is a clever function unique to Bosch, which saves energy by using natural minerals in our Zeolith technology for optimal drying of plates, pans, glasses and even plastic items. PerfectDry based on Zeolith can be found in selected Series 8 dishwashers.

ActiveWater technology.

This innovative rinsing technology maximises efficiency and ensures excellent cleaning results. Water and energy are saved through targeted water distribution, optimised filter technology, faster heating and higher pump performance for increased water circulation.

AquaSensor and LoadSensor.

The AquaSensor monitors the progress of the wash and decides the exact temperature, duration and amount of water used, based on the soiling of the water. The LoadSensor detects the load weight by a rotary speed sensor, which recognises the water level. This optimises water usage for half or partial loads, resulting in savings for your utility bills.

Extra Clean Zone.*

The Extra Clean Zone provides an even better cleaning result thanks to three rotating nozzles that provide more intense soaking and deeper cleaning of items placed directly over them.

*Features vary depending on model. Please check individual product specifications.

Bosch Dishwashers.

Series 8: Best in class.

Our Series 8 range combines cutting-edge design and advanced technologies for optimum cleaning performance and hygiene. Their high Water and Energy Star rating helps cut down your utility bills, the MaxFlex Pro baskets offer you the ultimate flexibility in loading solutions and they are exceptionally quiet from 40dB (ExtraQuiet program).

Series 6: The top performer.

Our Series 6 range comes packed with technology, from energy and water saving modes to quick washes for when time is limited. They also feature MaxFlex baskets for flexible loading solutions to accommodate dishes of all shapes and sizes.

Series 4: Your everyday dishwasher.

Our Series 4 range offers great value for money whilst maintaining Bosch high quality and reliability standards. They include advanced energy and resource saving features and VarioFlex baskets that have foldable racks.

Series 2: A great fit for first-time dishwasher buyers.

Our Series 2 dishwasher range offers brilliant cleaning results with auto program and fast wash option.

Installation tip

For all types of dishwasher installation, leave a space of 100 x 50mm for water inlet and outlet.

Advanced features and functions for every need.*

Performance

DosageAssist detergent dispenser.

Unique to Bosch, DosageAssist ensures detergent tablets are dissolved efficiently in a special tray. It prevents the tablets sticking in between dishes, for an enhanced cleaning performance.

EcoSilence Drive.

Our advanced motor has been built to provide you with maximum efficiency, economy and durability while operating. EcoSilence Drive wash and drain pumps work without brushes, resulting in ultra-quiet performance and top results.

SpeedPerfect express wash option.

With this feature, you can look forward to optimal cleaning and drying results in only up to 50% of dishwashing time (depending on model and selected program), without sacrificing any washing and drying results. SpeedPerfect may be activated at any time, or remotely via Home Connect.*

MachineCare.

Maintains the wash quality and reliability of your dishwasher throughout its lifetime. MachineCare helps remove grime and limescale build-up from your dishwasher to keep it clean and fresh. We recommend using this function once a month or after every 30 wash cycles.

Extremely durable Stainless steel or Polinox tub.*

We use high-quality sheets of stainless steel or highly durable, odourless polinox inner tubs. German engineered with robust materials that withstand dents, scratches and discolouration.

Advanced filter system.

The three stage filter cleaning provides a more efficient filtering performance for clean dishes and prevents blockages.

Convenience

Flexible basket loading options.*

VarioFlex: 6 folding racks.

MaxFlex: 8 folding racks.

MaxFlex Pro: 14 folding racks and premium handles.

Cutlery Drawer or Extra Space Basket.*

The Cutlery Drawer provides a convenient third loading level for cutlery and utensils. The Extra Space Basket provides additional loading capacity for items such as bowls and mugs.

Rackmatic Plus adjustable basket.

The loading height in the upper or lower basket can be varied by manually adjusting the upper basket between two levels. This feature can still be utilised even with a full load.

Home Connect.*

The Home Connect function opens up totally new possibilities in your home. You can now control and monitor all your appliance remotely and conveniently from your smartphone or tablet, which makes your everyday life even easier – and of course lets you achieve perfect results.

Safety

AquaStop Plus.

The AquaStop Plus system offers 100% protection against water damage. Unlike other anti-flood devices, the AquaStop Plus operates 24 hours a day, 7 days a week, provided the dishwasher is switched on at the mains.

*Features vary depending on model. Please check individual product specifications.

Why should you use a dishwasher?

The main thing many people dread after cooking up a storm is the aftermath – washing the stack of pots and plates lying in the sink. Not only does hand washing your dishes take up a lot of time and effort, you also have to worry about broken plates and being in constant contact with chemicals from your dish soap.

Hygienic

Dishwashers provide a hygienic solution to washing various kitchen utensils and crockery. Selected Bosch dishwashers feature the Hygiene Plus wash option that utilises a hotter final rinse, perfect for helping to remove bacteria from your cooking utensils.

Saves water

Thanks to intelligent sensors and programs a Bosch dishwasher can help you save water. For example the AquaSensor measures the amount of soiling at the end of the pre-rinse cycle, reusing water when it can, saving up to 20% of water for the entire wash.

Cleans tough stains

Dishwashers remove tough stains with their internal high-pressured water jets. Other items such as wine glasses, beer glasses and baby bottles can also be cleaned thoroughly with the help of a dishwasher, as it's able to reach all nooks and crannies.
