

**BOSCH**

Invented for life

# Floorcare Range.

Cleaning your home  
from top to bottom.

# Why choose Bosch?

## **Quality comes from experience.**

All Bosch products are manufactured to highest possible standards, using only premium quality materials. We undertake quality and endurance tests for our products under continuous usage conditioning. Not a single appliance leaves our factory until it has been proven to meet our high standards.

## **Sustainability.**

Bosch products have been manufactured with the aim of minimising their impact on the environment. The signet stands for the resource-efficiency of our products – quite simply, for their 'Green Technology'.

## **Extensive Customer Service Network.**

Our friendly Bosch Customer Care team is on-hand to provide competent, reliable assistance. Before or after purchase, the Bosch team will be happy to advise you on products, their use and special functions.

## **Reliability Guaranteed.**

We offer a 2 year manufacturer warranty on all our appliances. The appliance must be registered with the warranty card or online at [www.bosch-home.co.nz/mybosch](http://www.bosch-home.co.nz/mybosch)

# Advanced technologies from Bosch.

## **Suction/Performance.**

A combination of quality design elements contribute to exceptional suction power and dust pick up. These include our powerful Bosch engineered motors, high grade filtration systems and specially designed floorheads which facilitate maximum cleaning performance.

## **Allergy friendly.**

Bosch filtration system reduces your exposure to asthma and allergens. The HEPA filters used in Bosch vacuums are at the highest level, which ensure at least 99.95%\* of airborne particles are absorbed. The air that is expelled from the vacuum is actually cleaner than the surrounding air we breathe.

\*Filtration efficiency is based on the classification of EPA / HEPA / ULPA filters according to EN 1822-1:2009.

# Bosch Floorcare Range.

Bosch offers an extensive range of bagged, bagless and cordless vacuum cleaners. Giving you the flexibility and outstanding performance to tackle every cleaning job within your home.

## Bagged Vacuum Cleaners: Outstanding performance and greater convenience.

For any challenge that your home can throw at it, Bosch has an incredibly powerful bagged vacuum cleaner to suit your needs. In addition, using original Bosch vacuum cleaner bags ensures more effective, longer-lasting cleaning and a longer working life for your vacuum.

## Bagless Vacuum Cleaners: Easy cleaning. Simple to empty.

In bagless vacuum cleaners, centrifugal forces separate the dust from the air flow and push it into a separator before it is fed into a dust container that can be emptied. The advantage: No follow up costs for bags and filters.

## Cordless Vacuum Cleaners: Extra long run time up to 75 minutes.\*

Cordless, light, easy to manoeuvre and with extra long run time of up to 75 minutes\*, our handstick vacuums provide a quick and easy clean without compromising on performance. The battery runtime can even be extendable\* with the exchangeable battery system featuring on the Bosch Unlimited cordless vacuum range.

\*Operation time varies depending on the model and speed setting selected.

\*BBS1224AU runtime is extendable when using the Bosch quick charger, the two Bosch Power for ALL batteries and running on normal power mode. One battery can be charged while the other battery is in use. Additional battery and quick charger required to be purchased for BBS11114AU to extend runtime.

\*\*Power setting 1.

# Unlimited: Exchangeable battery. Extendable runtime.#

The Bosch Unlimited BBS1224AU is a bagless, cordless vacuum with extendable runtime# that is easy to use. With its one touch on/off trigger, you don't need to hold the trigger on during use.

## Effortless 360 degree cleaning.

Cleaning on all levels, from floor to ceiling and even your car – the Unlimited has all the accessories you could need. Even without them you can still do a quick spot clean thanks to its practical body nozzle design.

### **AllFloor HighPower brush.**

No need to change between floor surfaces.

### **Extension tube.**

To clean from floor to ceiling.

### **Long flexible crevice tool.**

Perfect for hard to reach spots such as ranch slider tracks.

### **2in1 furniture brush and the upholstery nozzle.^**

The perfect accessories for cleaning your furniture or upholstery, in your home or car.

## Easy to handle and to clean.

### **Hygienic.**

It has a long-lasting cartridge filter with Pure Air membrane and Hygienic Filter.

### **No more clutter.**

The Unlimited has its own docking station with integrated accessories.

### **One touch on/off trigger.**

No need to hold the trigger on during use.

## Exchangeable Bosch battery.

The battery pack is part of the Bosch 18-volt cordless system from Bosch Green Home and Garden. This means that the Unlimited can be operated with all batteries from the 18-volt Power for ALL system. Charge one battery while you use the other for extendable runtime.#

^ Available only on BBS1224AU, see over page for models and their specific accessories.

# BBS1224AU runtime is extendable when using the Bosch quick charger, the two Bosch Power for ALL batteries and running on normal power mode. One battery can be charged while the other battery is in use. Additional battery and quick charger required to be purchased for BBS11114AU to extend runtime.

# Advanced features and functions for everyday use.\*

## **QuattroPower system.\***

The QuattroPower system produces maximum performance through a high performing nozzle and a high-spin motor for superior dust pick-up, efficient airflow and effective dust filtration. Designed to deliver class-leading pet hair and dust pick-up.

## **DigitalSpin motor.\***

This motor is compact, lightweight and high performing. Its perfectly calibrated aerodynamic blades rotate with 54,000 revolutions per minute.

## **PowerProtect System.\***

Allows the dust bag to unfold optimally and has a higher dust pick-up capacity thanks to the multi-layered hi-tech filter material. Ensures long-lasting cleaning performance, even when the bag fills up.

## **Bagless and Athlet SmartSensor Control.\***

No disappointing loss of performance thanks to Sensor Control. Bosch SmartSensor Control alerts you when the filter needs cleaning. If the filter becomes clogged the SmartSensor Control responds by either initiating an automatic self-cleaning process (BGS5PERFAU and BGS5ZOOOAU only), or by indicating with a red light that the filter needs cleaning manually (for all other Relaxx'x and Athlet models).

## **Lifetime HEPA filter.\***

The lasting benefits offered by the robust special material used for the integrated HEPA filter include an impressive dust retention capability, clean exhaust air and the fact that the filter can be washed as required.

## **Lithium-Ion Technology.\***

All our Bosch cordless vacuum cleaners are fast charging with lighter and highly durable batteries.

## **Specialised range for pets: Zoo'o ProAnimal.\***

The Zoo'o ProAnimal range effortlessly picks up animal hair on all types of flooring. They come with handy accessories that let you tackle pet hair on furniture and in crevices as well. Available in cordless, bagless and bagged vacuum cleaners.

## **EasyClean.\***

Easy removal and cleaning of the nozzle brush roll.
