Oven

Conditioning Oil 1x100ml bottle

- Conditioning oil to protect stainless steel appliances
- Special oil protects the surface against fingerprints and marks
- Easy to use - simply use a clean cloth to wipe the oil over the stainless steel surface
- Restores the showroom shine of appliances

Cleaning Gel Spray 1x500ml bottle

- Low odour cleaning gel spray for ovens, steam ovens and ovens with a microwave function
- Can also be used to clean baking trays made from enamel or stainless steel
- Powerful formula easily cleans away tough, burnt-on deposits
- No heating of the oven is necessary

Cleaning Gel 1x200ml

- Low odour cleaning gel for ovens, steam ovens, and ovens with a microwave function
- Also cleans baking trays made from enamel or stainless steel
- Includes brush head for simple application
- Powerful formula easily cleans away tough, burnt-on deposits

Washing Machines

Quick Descaler 1x250g

- Descaler for washing machines and dishwashers
- Protects the appliance from harmful limescale deposits.
- Easy to use - one box equals one dose
- In hard water areas, washing machines should be descaled every three to six months and dishwashers once a year

Machines Cleaner 1x200g

- Removes residues, deposits and remnants of detergent and fabric conditioner from washing machines, which can improve the performance of the appliance
- Pour the entire contents of this pack into the empty washing machine drum and allow the main washing programme to run completely at 90°C or 95°C (without prewash)
- Can help to reduce unpleasant odours caused by regular low temperature washes
- Can help to ensure a cleaner, more hygienic interior of the washing machine, which can improve washing results by reducing spots and marks on laundry

Hood and Hob

Conditioning Cloths for Stainless Steel 5x individually wrapped cloths

- Stainless steel conditioning cloths
- Restores 'showroom' appearance of appliance
- Cloths are impregnated with conditioning oil which protects the surface from fingerprints and marks
- Not suitable for application on control markings

Ceramic Hob Maintenance Pack 1x250ml bottle cleaning fluid, scaper, specialist cleaning cloth

- Pack contains everything needed to safely clean a ceramic hob
- Contains cleaning fluid especially formulated for use on ceramic hobs to leave a clean, attractive, shiny finish
- Glass scraper safely removes burn on food deposits without scratching the glass surface
- Specialist cleaning cloth supplied

Cleaning Powder for Stainless Steel 1x100g container

- Cleaning powder for stainless steel surfaces
- Easy to use and effective in removing tough grime and marks
- To be used with water to create a 'paste' to then clean along the grain of the metal
- Not suitable for use on control markings

Dishwasher

Machine Cleaner 1x200g cleaning powder

- Intensive cleaner for dishwashers
- Powerfully removes grease, starch and protein residues
- Professional standard cleaning product gives great results
- Should be used every 4-6 months for periodic maintenance

Dishwasher Care 1x250ml bottle

- Regular application ensures great dishwashing results and a clean hygienic dishwasher
- Should be used every 1 to 2 months to remove grease left by food debris
- Contents: 1x 250ml bottle for one dose
- For periodic, intensive cleaning of dishwashers, we recommend dishwasher maintenance cleaning powder
