

BOSCH
Invented for life

Small Appliances.

Introducing the new generation of small appliances.

Bosch – A brand you can trust.

“I have always acted according to the principle that it is better to lose money than trust. The integrity of my promises, the belief in the value of my products and in my word of honour have always had a higher priority to me than a transitory profit.”

Robert Bosch, 1921

Design

Every detail of every appliance has been carefully designed, where everything just matches perfectly and makes your time spent in the kitchen as enjoyable as possible.

Quality

Bosch appliances offer premium quality, outstanding German made and engineered technology and have been produced and tested by our engineers to fully satisfy the highest of standards.

Performance

Visionary and unique : Experience a new standard of bagless vacuum cleaning with SensorBagless™ Technology from Bosch.

Sustainability

The Green Technology inside signet stands for the resource-efficiency of our products – quite simply, a Bosch kitchen reflects environmental consciousness.

Invented for life.

The beauty of German craftsmanship and design, perfectly showcased by Bosch over 130 years.

Founded in 1886, Bosch has been synonymous with outstanding technology and craftsmanship. Through continuous innovation, precise electrical engineering and electronic technology, Bosch has become the world's pioneer in industrial technology. Simple yet elegant, Bosch home appliances make every kitchen an art space with their concise design and aesthetics of life. Today, Bosch is one of the leading home appliance brands in Europe. The brand offers both freestanding and built-in appliances. Renowned for its one-stop cooking solution, Bosch products include high quality Gas hobs, Induction Hobs, Hoods – Inclined, Island and Wall Mounted, Ovens, Microwaves and Dishwashers. Bosch appliances offer a complete solution for living with innovative designs to fulfill the unique need of every consumer.

“I would rather lose money than trust”, the philosophy of company founder, Robert Bosch, continues to guide Bosch in developing high-quality products and assuming social responsibility wherever it operates. True to the brand's philosophy “Invented for life”, Bosch will continue to offer consumers quality and perfect technology for a better life.

Tested for superior quality and reliability.

To ensure high standards of reliability, Bosch vacuum cleaners undergo tests which are more stringent than the testing carried out by consumer protection organisations.

The hose test:

Withstands at least 50,000 bends under 2kg of weight.

The switch test:

Operates at least 50,000 times.

The housing test:

Withstands being dropped 35 times from carrying height.

The roller test:

Rolls over door thresholds at least 6,000 times.

The cord retraction test:

Rolls up at least 10,000 times.

The nozzle test:

Vacuums 10,000km without a fault.

Pure power without the roar.

Bosch offers the right solution for every floor care challenge with consistent high quality. Our vacuum cleaners are matched to the particular needs of your household: kind to sensitive wooden floors, tough on animal hairs, easy to handle and with an exemplary power consumption. And the best thing is that you can choose the one that suits you best.

Powerful
Result comparable to a 2400watt vacuum cleaner*

Sensor Bagless Technology™: SensorControl
The SensorControl system sends an LED alert when the filter needs cleaning.

Allfloor HighPower Brush
The motorized Allfloor HighPower Brush is capable of reaching 5000 revolutions per minute and has aerodynamic design that is optimized for dirt removal.

Up to 60 minutes of autonomous operation
The combination of a motor with long-lasting lithium-ion battery (25.5V) allows the Bosch Athlet vacuum to function up to 60 minutes**

Lithium-Ion Techonology
Lighter and highly durable batteries.

Easy to clean with EasyClean™ System
Both the brush roll and dust container are easy to remove.

Flex your creative muscle with the Bosch OptiMUM kitchen machine.

The new OptiMUM kitchen machine with a slim, elegant design. It ensures perfect results every time with its integrated weighing scales, SensorControl Plus automatic functions and 1500 W.

Excellent Results

- ▶ Excellent Results
- ▶ SensorControl Plus: Always perfect results for yeast dough, whipped cream and egg whites. Simply by the push of a button - the machine stops when the perfect result is done
- ▶ Strong and enduring motor with 1500 W - also for very heavy doughs
- ▶ 3D PlanetaryMixing: Fast and perfect mixing of all ingredients; thanks to the improved planetary mixing system with a unique stirring movement in three dimensions at the same time
- ▶ Smart Dough Sensor: Constant mixing speed at all times, even with heavy dough and large quantities, ensures fast and perfect results

Versatility

- ▶ Huge variety of accessories open up the space for your cooking creativity
- ▶ Customize your kitchen machine for your needs by an extensive range of optional accessories

Comfort

- ▶ Integrated scale: Ingredients can be weighed directly in the bowl - save time while preparing
- ▶ SensorControl Plus: Gain time to do something else instead of supervising the machine
- ▶ Integrated timer: Pre-set the running time to repeat your perfect results - the machine stops automatically
- ▶ Smart tool detection: No matter what tool is used, the OptiMUM takes care of the maximum speed for each tool
- ▶ Extra big, brushed stainless steel bowl with 5.5 l capacity equipped with two comfortable handles for up to 3.5 kg of cake mixture or 1.5 kg of flour plus ingredients for yeast dough
- ▶ 7 speed settings, plus pulse function, for individual speed selection
- ▶ EasyArmLift: Easy and effortless moving of the arm
- ▶ Easy storage: Automatic cable rewind for simple and quick storage of the cable

Scale

So practical! Thanks to the integrated scales, all of the ingredients from your recipe can be accurately weighed in the bowl.

Planetary action:

Achieve the perfect consistency for yeast dough, cream and egg white automatically – thanks to the intelligent SensorControl Plus automatic programs. The integrated timer also allows stirring times to be set individually.

Perfect results thanks to 3D PlanetaryMixing because nothing remains stuck to the sides of the bowl. The large stainless-steel mixing bowl with a capacity of 5.5 litres means preparation is convenient and its two handles ensure it is easy to work with.

Meat mincer:

The meat mincer is perfect for preparing fish and vegetable terrines, sausage meat and minced meat of every kind. Excellent results even with large quantities of meat – around 2 kg per minute. Quick and easy mincing of raw and cooked meat, fish or vegetables – finely or coarsely in different thicknesses: 3 mm, 5 mm or 8 mm.

A lifestyle package to suit every taste.

With our practical lifestyle packages and wide range of special accessories, everyone will be able to enjoy their favourite foods.

MUZXLPP1

You can also supplement your MaxxiMum with the **“PastaPassion”** Lifestyle package, including the professional lasagne and tagliatelle attachments.

MUZXLVL1

Delicious vegetables are guaranteed with the **“VeggieLove”** Lifestyle package, including continuous shredder, reversible cutting and grating disc.

MUZVLE1

The **“VitalEmotion”** Lifestyle package with grain mill and multimixer is perfect for all those who love baking.

MUZXLHA1

You can prepare sausage meat and mince mixtures in a trice with the **“HuntingAdventure”** Lifestyle package.

**Optional accessories for MUMXL are available on request*

Perfect all-rounder.

Food processors are more compact than kitchen machines and feature multiple accessories for amazing versatility – excelling particularly in tasks such as chopping, slicing, mixing and dicing.

Impressive power and technology.

The technology:

1250 watts of power, various speed settings plus a pulse setting ensure that there is plenty of power for every function in every area.

The benefit to you:

A compact, versatile appliance featuring everything you could wish for. Ample power, intelligent functions, ease of operation, reliability and safety.

Well equipped.

The technology:

It of course comes with an extensive range of accessories, giving you everything you need whether you are cutting, grating, mixing, pureeing or whipping cream.

The benefit to you:

One machine for all your needs – small and compact, easy to use and gives you endless possibilities in the kitchen.

Drink yourself fit! Healthy has never been so tasty and simple.

Safe, fast and clean juicing with VitaJuice 2 and VitaJuice 3. Now with the new DripStop!

Performance juicing.

Simply juice what you fancy with the new VitaJuice 2 and VitaJuice 3. The powerful motor with two speed settings easily handles all fruit and vegetables, hard or soft. The stainless-steel micro filter basket and automatic pulp emission make sure you get every healthy drop with no flavour lost. The extra wide feeding tube, large 1.25 litre juice jug and 2 litre pulp container take care of even the biggest loads.

Non-drip convenience.

With the neatly designed DripStop outlet and leak-proof parts, all surfaces stay clean and dry. Dishwasher safe parts and integrated cable storage for easy maintenance and storage.

Non-slip safety.

No risk of injury or splashing with SafetyStop operation and rubber feet for high stability.

Quality finishes.

The VitaJuice 2 is available in a choice of two colors- Cherry Cassis or Fresh Grape. The VitaJuice 3 comes in an elegant, high-quality stainless-steel finish.

Breakfast with Bosch – the perfect way to start your day.

It’s great when the most important meal of the day is also the most delicious. Thanks to their innovative technology, our coffee machines, toasters and kettles turn the best ingredients into an outstanding breakfast.

As functional as it is stylish.
Four digital temperature settings and a keep warm function ensure that every drink tastes just as you want it. Save time and energy with rapid boil and one-cup heating.

Perfect toast every time.
Using a quartz glass element and mirror heating means heat is distributed evenly. Add in an electronic auto heat control and you’ve got consistent toasting every time.

Guarantee Conditions*

- a) Coffee machines, kettles, toasters, irons, hand mixers, slicers, rod mixers.
Carry in appliances to BSH or dealers stores
Total guarantee: 1 year from date of purchase
If faulty appliances cannot be repaired, the appliance will be replaced.
- b) Automatic espresso machines, kitchen machines, vacuum cleaners.
Carry in appliances to BSH or dealers stores.
Total guarantee: 1 year full guarantee for all parts and labour

Condition governing appliance service

1. A guarantee claim ceases once repair or work is undertaken by a person not entitled by BSH to do so or if the appliance is provided with spare parts, attachments or accessories that are not original, therefore causing damage.
2. The guarantee is given in such a manner that defective parts are repaired free of charge or – and this is BSH choice – replaced by perfect parts.
3. A claim under guarantee does not cause an extension of the guarantee period nor does it start a new guarantee period.
4. If BSH refuses repair or repair fails and the end user so requires, a replacement of equal value is supplied free of charge within the above guarantee period.
5. These conditions of guarantee are applicable to appliances purchased in South Africa. If appliances are taken abroad and meet the technical requirements (e.g. voltage, frequency, type of gas etc) of such country while also being suitable for the respective climate and environmental conditions, these terms of guarantee are applicable only if BSH have an approved customer service network in such country.

* Valid from February 2008
