Robert Bosch

It's a Bosch!

Robert Bosch, our founder, centered the organisation's philosophy on performing even the smallest of tasks to perfection. For decades we have upheld this belief by creating home appliances of unparalleled quality that deliver absolute perfection.

Our assurance of perfection is credited to German engineering – a combination of high-class workmanship, creativity and the innovative strength of our engineers. Crafted with the finest quality materials, our products are hailed as the finest in Europe.

Why choose Bosch?

Proven quality

Bosch appliances offer premium quality, advanced technology, ease to operation and outstanding German made and engineered technology. These attributes have earned us many national and international accolades, such as the reddot Design Award, the iF product design award and other endorsements, year after year.

Top performance

What drives us every day is our desire to improve. We strive to make the best even better, by developing functional, durable and energy-efficient innovations that surpass all expectations.

Maximum convenience

Bosch is dedicated to making your life easier. Our washing machine are packed with great ideas, features and technology to make washing experience better and easier than ever.

reddot International Design Award 3 | Damage-free washing

Damage-free washing

You pick your outfits with extra care. We put extra care in the cleaning.

At Bosch, we understand that fashion is more than just clothing. It's a way to express our identity and therefore it always has to look the best. To keep looking the best it needs extra care that only a Bosch Top Load Washing Machines can deliver with every wash.

VarioInverter Motor | Powerful, silent and built to last Energy efficient drive that works silently.

The VarioInverter motor is a powerful, durable and energy efficient drive system that provides optimum washing performance while also ensuring a long life for your clothes.

The motor is directly attached to the tub which helps to minimise friction. This makes washing more energy efficient with reduced noise levels.

As a mark of confidence in our state-of-the-art motor technology, it's backed with a 10 year warranty as well.

PowerWave Wash System

Perfect washing solution with the best German technology.

The PowerWave Wash System is a combination of the innovatively designed pulsator, dynamic water flow system and intelligent WaveDrum movement that gives you perfect wash results.

It not only ensures the up and down movement of the clothes, besides the round action, but also provides powerful water displacement for better movement of clothes to deliver the best wash results without compromising care for your clothes.

Intelligent WaveDrum movement

Dynamic Waterflow System

Innovative pulsator design

New age features

Soft Closing Lid

Lid shuts gently hence protects hand from unexpected injury and avoids any slam noise.

Ensures superior drying efficiency.

Toughened Glass

The see-through toughened glass lid is solid and strong to withstand heavy weight.

Power-Off Memory

Resumes washing cycle from the point it stopped during a power failure.

Gives the flexibility to start the appliance as per your convenience up to 24 hours.

Enables to lock all the keys to prevent setting from being changed by your child.

6 colour option to fit your interiors. Simple and user friendly control panel for ease of use.

Effectively gathers the lint and fluff so your laundry stays cleaner.

Level Indicator

Helps to keep your machine at an even level to avoid vibration.

The flexibility to use liquid or powder detergents ensures good solubility of the detergent and provides better wash results.

Reduces wash time by up to 20%* without compromising on wash results. Get more time to do the things you love.

Available in 6 colours

One-Touch Start

Based on the load added, machine will automatically choose the right wash program at a press of a button.

Hot & Cold Water Inlet

Flexibility to choose between hot wash, cold wash or a customised warm wash in accordance to the material and colour of your clothing.

Low Water Pressure

Capable of working on low water pressure of 0.3 bar, making it ideal for places where water pressure is an issue.

*Available on select models. Results based on internal benchmarking.
