

BOSCH

Invented for life

Freestanding Cooker Range.

Combining two kitchen appliances in one.

Why choose Bosch?

Quality comes from experience.

All Bosch products are manufactured to highest possible standards, using only premium quality materials. We undertake quality and endurance tests for our products under continuous usage conditioning. Not a single appliance leaves our factory until it has been proven to meet our high standards.

Sustainability.

Bosch products have been manufactured with the aim of minimising their impact on the environment. The signet stands for the resource-efficiency of our products – quite simply, for their 'Green Technology'.

Extensive Customer Service Network.

Our friendly Bosch Customer Care team is on-hand to provide competent, reliable assistance. Before or after purchase, the Bosch team will be happy to advise you on products, their use and special functions.

Reliability Guaranteed.

We offer a 2 year manufacturer warranty on all our appliances. The appliance must be registered with the warranty card or online at www.bosch-home.co.nz/mybosch

Features and functions for everyday use*.

Freestanding cookers with gas cooktops.

Professionally fired up.

Wok burners.

The wok burners provide up to 14Mj/h of power. Suitable for use with flat-based pans or with a wok using the ring provided.

Cast-iron supports.

Cast-iron pan supports are both stylish and highly durable, providing solid and robust support for your pots and pans.

Freestanding cooker with induction cooktops.

Flexible on the outside, intelligent on the inside.

CombiZone.

With CombiZone you have the freedom to use your biggest pans and accessories for more adventurous cooking. Switching from small to large pans is as simple as a single touch that merges two standard zones into one large cooking zone.

MoveMode.

When your recipe requires you to switch from boil to simmer at just the right moment, MoveMode is perfect for you. Switch from level 9 to level 1 by simply sliding your pot. MoveMode lets you move seamlessly from your first high-powered cooking task to the next. You are always in control.

Our oven features.

Fit every kitchen and every need.

3D HotAir.

3D HotAir distributes the heat quickly and evenly throughout the entire oven cavity, allowing you to cook on up to three levels simultaneously.

Rotary spit.*

The rotary spit is ideal for grilling large roasts, such as rolled roasting joints or poultry. The meat becomes crispy, well-browned and cooked evenly. Uniform grilling from all sides – easily done in your kitchen.

AutoPilot with up to 30 automatic programs.*

The AutoPilot program helps achieve the best possible results with very little effort. Just insert your dish, enter its weight and select the desired program from the menu.

CoolTouch door and child lock.*

For added safety, selected Bosch freestanding cookers are fitted with quadruple-glazed CoolTouch doors. The reflective inner glass is designed to keep heat in, while providing a safe-to-touch door on the outside. Child lock doors and displays make the cookers even safer.

Pyrolytic self-cleaning: the oven that cleans itself.*

During the pyrolytic cleaning function, the oven heats up to 480°C to burn off grease and food residue. Once the program is finished, simply wipe off the thin layer of ash in the base of the oven.

* Features vary depending on model. Please check individual product specifications.
