

Serie | 4, Wine cooler with glass door, 185 x 59.5 cm KSW30V81GB

В

The wine storage cabinet with electronic Temperature control: set the temperature easily and precisely between +6 and +16 °C.

• Oak shelves and telescopic rail are designed to absorb vibrations to keep wine safe and easily accessable.

Technical Data

Serie | 4, Wine cooler with glass door, 185 x 59.5 cm KSW30V81GB

The wine storage cabinet with electronic Temperature control: set the temperature easily and precisely between +6 and +16 °C.

Performance and Consumption

- Energy Efficiency Class: B
- Energy Efficiency Class: B kWh/yr: 0.545 kWh
- Total net capacity: 360 l litres
- Noise level dB(A) re 1 pW: 41

Design features

- This appliance is intendend to be used exclusively for the storage of wine
- UV protected tinted glass door with aluminium frame
- Silver doors and silver side panels
- Integrated vertical handle
- Right hinged door unchangeable
- Defrost water outlet for easy and convenient defrosting

Functions

- Electronic LED display
- 1 compressor
- Temperature range from 6-18°C
- 9 shelves, of which 8 are height adjustable
- Fit 120 wine bottles á 0,75 l
- Bright interior LED fridge light
- Automatic defrost fridge

Dimension and installation

- Height adjustable front feet
- Climate class ST
- **-** 220 230 V
- Dimensions: 185 cm H x 59.5 cm W x 60 cm D
- Based on the results of the standard 24-hour test. Actual consumption depends on usage/position of the appliance.
- To achieve the declared energy consumption, the distanceholders have to be used. As a result, the appliance depth increases by about 3.5 cm. The appliance used without the distance holder is fully functional, but has a slightly higher energy consumption.
